Dear Mr. Eisenhut:

Re: Turkey Point Units 3 & 4
Docket No. 50-250-50-251
Post TMI Requirements

Our letter L-80-419, dated December 26, 1980, presented our positions on the Enclosure 1 items of NUREG 0737. We stated therein, that a report was being prepared by the Westinghouse Owners Group for items II.K.3.1 and II.K.3.2, Report on PORV Failures and Auto-PORV Isolation. This report was to be submitted to the NRC on March 1, 1981.

We have been informed that the finalization of the report has been delayed, and that it is now scheduled for submittal sometime in March.

Based on our preliminary evaluation we endorse the report and consider it to be our response to NUREG 0737 items II.K.3.1 and II.K.3.2. This endorsement is subject to our final review. We will inform you should any further problems develop.

Very truly yours,

Robert E. Uhrig
Vice President
