Office of Nuclear Reactor Regulation  
Attention: Mr. Darrell G. Eisenhut, Director  
Division of Licensing  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Eisenhut:

Re: Turkey Point Units 3 & 4  
Docket Nos. 50-250 and 50-251  
Proposed License Amendment  
Over Pressure Mitigating System

In accordance with 10 CFR 50.30, Florida Power & Light Company submits herewith three signed originals and forty copies of a request to amend Appendix A of Facility Operating Licenses DPR-31 and DPR-41. This submittal has been prepared in response to a July 19, 1978 letter from Mr. A. Schwencer.

The proposed amendment, which addresses the operability and surveillance of the Turkey Point Units 3 and 4 Overpressure Mitigating System (OMS) is described below and shown on the accompanying Technical Specification pages bearing the date of this letter in the lower right hand corner.

Page 1-6

New definition 1.18 addressing RCS pressure boundary integrity.

Page 3.15-1

The OMS limiting conditions for operation in Specification 3.15 are revised. Amendment 55 to DPR 31 and Amendment 47 to DPR 41 require that power be removed from certain valves. This would, however, disable valve position indication, reducing operation awareness of conditions and requiring containment entry for the required valve position surveillance. An alternative means of increasing assurance of proper valve position has been added.

Page 4.16-1

New Specification 4.16 give the OMS surveillance requirements.  
(At the staff's request, additional surveillance on the pressurizer power operated relief valves' backup air supply has been added.)

Page B3.15-1

A typographical error is corrected in the Bases.

The proposed amendment has been reviewed by the Turkey Point Plant Nuclear Safety Committee and the Florida Power & Light Company Nuclear Review Board. Implementation of the OMS at both Turkey Point units was completed during the Spring, 1979 refueling outages.

Very truly yours,

A handwritten signature in cursive script, reading "Robert E. Uhrig". The signature is written in dark ink and is positioned above the printed name and title.
