Dear Mr. Eisenhut:

Re: Turkey Point Units 3 & 4
Docket No. 50-250 & 50-251
Post-TMI Requirements

Our response to NUREG-0737 (L-80-419, dated December 26, 1980) contained a commitment to provide a Control Room Habitability Study in response to item III.D.3.4 by May 1, 1981. We have received a preliminary draft of the study from our Architect-Engineer and are in the process of reviewing the results. We will provide the study and plans and schedules for any resulting modifications to the control room by July 1, 1981.

Very truly yours,
