TOTAL NUMBER OF COPIES REQUIRED: LTTR 23 ENCL 19

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the company's financial health and for providing reliable information to stakeholders.

2. The second part of the document outlines the specific procedures for recording transactions. It details the steps involved in the accounting process, from identifying a transaction to recording it in the appropriate ledger account.

3. The third part of the document discusses the importance of reconciling accounts. It explains how regular reconciliations help to identify and correct errors, ensuring that the company's financial records are accurate and up-to-date.

4. The fourth part of the document discusses the importance of maintaining proper documentation. It emphasizes that all transactions should be supported by appropriate evidence, such as invoices, receipts, and contracts, to ensure the integrity of the financial records.

5. The fifth part of the document discusses the importance of maintaining proper internal controls. It explains how internal controls help to prevent fraud and ensure the accuracy of financial reporting. It also discusses the role of the internal audit function in monitoring and evaluating the effectiveness of internal controls.

6. The sixth part of the document discusses the importance of maintaining proper communication. It emphasizes that all financial transactions should be properly documented and communicated to the appropriate parties, including management, the board of directors, and external auditors.

7. The seventh part of the document discusses the importance of maintaining proper confidentiality. It explains that financial information is often sensitive and confidential, and it is important to ensure that it is protected from unauthorized access and disclosure.

8. The eighth part of the document discusses the importance of maintaining proper compliance. It emphasizes that the company must comply with all applicable laws and regulations, including those related to financial reporting and internal controls.

9. The ninth part of the document discusses the importance of maintaining proper transparency. It explains that transparency is essential for building trust with stakeholders and for ensuring the integrity of the financial reporting process. It also discusses the role of the company's audit committee in monitoring and evaluating the transparency of financial reporting.

10. The tenth part of the document discusses the importance of maintaining proper accuracy. It emphasizes that all financial transactions should be recorded accurately and that any errors should be identified and corrected promptly. It also discusses the role of the company's internal audit function in monitoring and evaluating the accuracy of financial reporting.

11. The eleventh part of the document discusses the importance of maintaining proper consistency. It explains that consistency is essential for providing reliable information to stakeholders and for ensuring the integrity of the financial reporting process. It also discusses the role of the company's internal audit function in monitoring and evaluating the consistency of financial reporting.

12. The twelfth part of the document discusses the importance of maintaining proper timeliness. It emphasizes that all financial transactions should be recorded and reported in a timely manner, ensuring that the company's financial information is up-to-date and relevant.

13. The thirteenth part of the document discusses the importance of maintaining proper integrity. It explains that integrity is essential for building trust with stakeholders and for ensuring the integrity of the financial reporting process. It also discusses the role of the company's internal audit function in monitoring and evaluating the integrity of financial reporting.

14. The fourteenth part of the document discusses the importance of maintaining proper objectivity. It emphasizes that all financial transactions should be recorded and reported objectively, without bias or undue influence. It also discusses the role of the company's internal audit function in monitoring and evaluating the objectivity of financial reporting.

15. The fifteenth part of the document discusses the importance of maintaining proper fairness. It explains that fairness is essential for providing reliable information to stakeholders and for ensuring the integrity of the financial reporting process. It also discusses the role of the company's internal audit function in monitoring and evaluating the fairness of financial reporting.

Office of Nuclear Reactor Regulation  
Attention: Mr. Lester S. Rubenstein, Director  
PWR Project Directorate #2  
Division of PWR Licensing - A  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Rubenstein:

RE: Turkey Point Units 3 & 4  
Docket Nos. 50-250 and 50-251  
Decay Heat Removal (USI A-45)

*W*  
Based on discussions this afternoon with Mr. Dan McDonald of your staff, we would like to clarify our position regarding the use of "bleed-and-feed" as a backup means of decay heat removal at Turkey Point Units 3 and 4. Please be advised that our corporate intention has been, and continues to be, to include the bleed-and-feed option in the Turkey Point Emergency Operating Procedures (EOPs) as a means of mitigating core damage. In addition, the current Off-Normal Operating Procedure 7308.1, "Malfunction of Auxiliary Feedwater System," includes provisions for utilizing bleed-and-feed as an alternative to using the steam generator as the preferred heat sink. Pursuant to a December 24, 1985 letter from Mr. Hugh L. Thompson, Jr. (Modification of Commission Order Dated February 23, 1984), the Turkey Point operators are trained in the new EOPs and the EOPs will be implemented by March 31, 1986.

Very truly yours,

*C. O. Woody*  
C. O. Woody  
Group Vice President  
Nuclear Energy
