U.S. Nuclear Regulatory Commission  
Attn: Document Control Desk  
Washington, D.C. 20555

Gentlemen:

Re: Turkey Point Units 3 and 4  
Docket Nos. 50-250 and 50-251  
St. Lucie Units 1 and 2  
Docket Nos. 50-335 and 50-389  
Generic Letter 88-02 - "Integrated  
Safety Assessment Program II  
(ISAP II)"

In Generic Letter 88-02, the NRC summarized its activities related to ISAP and identified benefits from the ISAP pilot program. The NRC stated that it was researching the desirability of extending ISAP beyond the pilot program and, among other things, was determining the industry's interest in such a program.

Attachments 1 and 2 are FPL's response to the ISAP survey from Generic Letter 88-02 for Turkey Point Units 3 and 4 and St. Lucie Units 1 and 2, respectively. FPL's response has been delayed from the NRC requested response date. This delayed response was found acceptable by the NRC Staff.

If additional information is required on this subject, please contact us..

Very truly yours,

W. F. Conway  
Senior Vice President - Nuclear

WFC/EJW/dh

Integrated Safety Assessment Program (ISAP) II

Response Format to Generic Letter 88-02

Facility Name: Turkey Point Units 3 & 4

Utility: Florida Power & Light Company

Individual Contact Name: J. A. DeMastry Telephone: (305) 694-3613

An expression of interest will not be considered a commitment to participate on the part of the utility.

1. Would you be interested in participating in ISAP II? If so, in what time frame?

We are unable to determine at this time.

2. Do you believe that an industry/NRC seminar consisting of a brief discussion by NRC followed by a question and answer period would be beneficial prior to making a decision?

Yes. This would provide an opportunity to obtain additional details regarding the ISAP II program.

3. Would you be interested in a one-on-one meeting with the NRC to discuss your particular facility or facilities?

Not until after the industry/NRC Seminars have been held.

4. If you remain undecided regarding participation, what additional information do you need in order to make a decision?

Specific program requirements for an ISAP II applicable to Turkey Point Units 3 and 4, and additional details regarding advantages and disadvantages of program implementation.

5. Do you have any potential concerns about participating in ISAP II?

Yes. We would be in a better position to discuss these after the industry/NRC meetings.

6. Do you have any suggestions for program improvements or changes?

Not at this time.

Integrated Safety Assessment Program (ISAP) II
