Gentlemen:

Docket Nos. 50-335 and 50-389
Topical Quality Assurance Report (FPLTOAR 1-76A)

Pursuant to 10 CFR 50.54(a)(3), please find attached three enclosures representing the annual update of the Florida Power & Light Company Topical Quality Assurance Report (Revision 15, dated June 8, 1989).

Enclosure I is a summary of the changes.

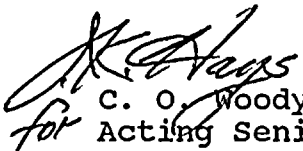

Enclosure II is the revised Topical Report Revision 15. Changes are indicated on the affected pages by bold vertical print line drawn adjacent to the portion actually changed.

Enclosure III is a pen and ink mark-up of changed pages to the current Topical Report Revision.

This year's update to the Topical Quality Assurance Report includes three revisions. These three revisions were driven mainly by the evolution of Florida Power & Light Company's Nuclear Organization. All changes have been reviewed by Quality Assurance and it is concluded that these changes do not reduce the commitments made in our program which has been previously accepted by the NRC.

Should there be any questions, please contact us.

Very truly yours,

for C. O. Woody
Acting Senior Vice President - Nuclear
