1. The first of these is the fact that the power of the State is not absolute. It is limited by the rights of the individual. The State cannot take away the rights of the individual without just cause. The rights of the individual are the rights of life, liberty, and property. The State cannot take away these rights without just cause. The rights of the individual are the rights of life, liberty, and property. The State cannot take away these rights without just cause.

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very long letter, and it contains a great deal of information about the state of the country at that time. It is a very important document, and it is one of the most interesting documents in the collection.

Attention: Mr. Darrell G. Eisenhut, Director
Division of Licensing
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Eisenhut:

Re: Turkey Point Units 3 & 4
St. Lucie Units 1 & 2
Docket Nos. 50-250, 50-251
50-335, 50-389
Generic Letter 83-28

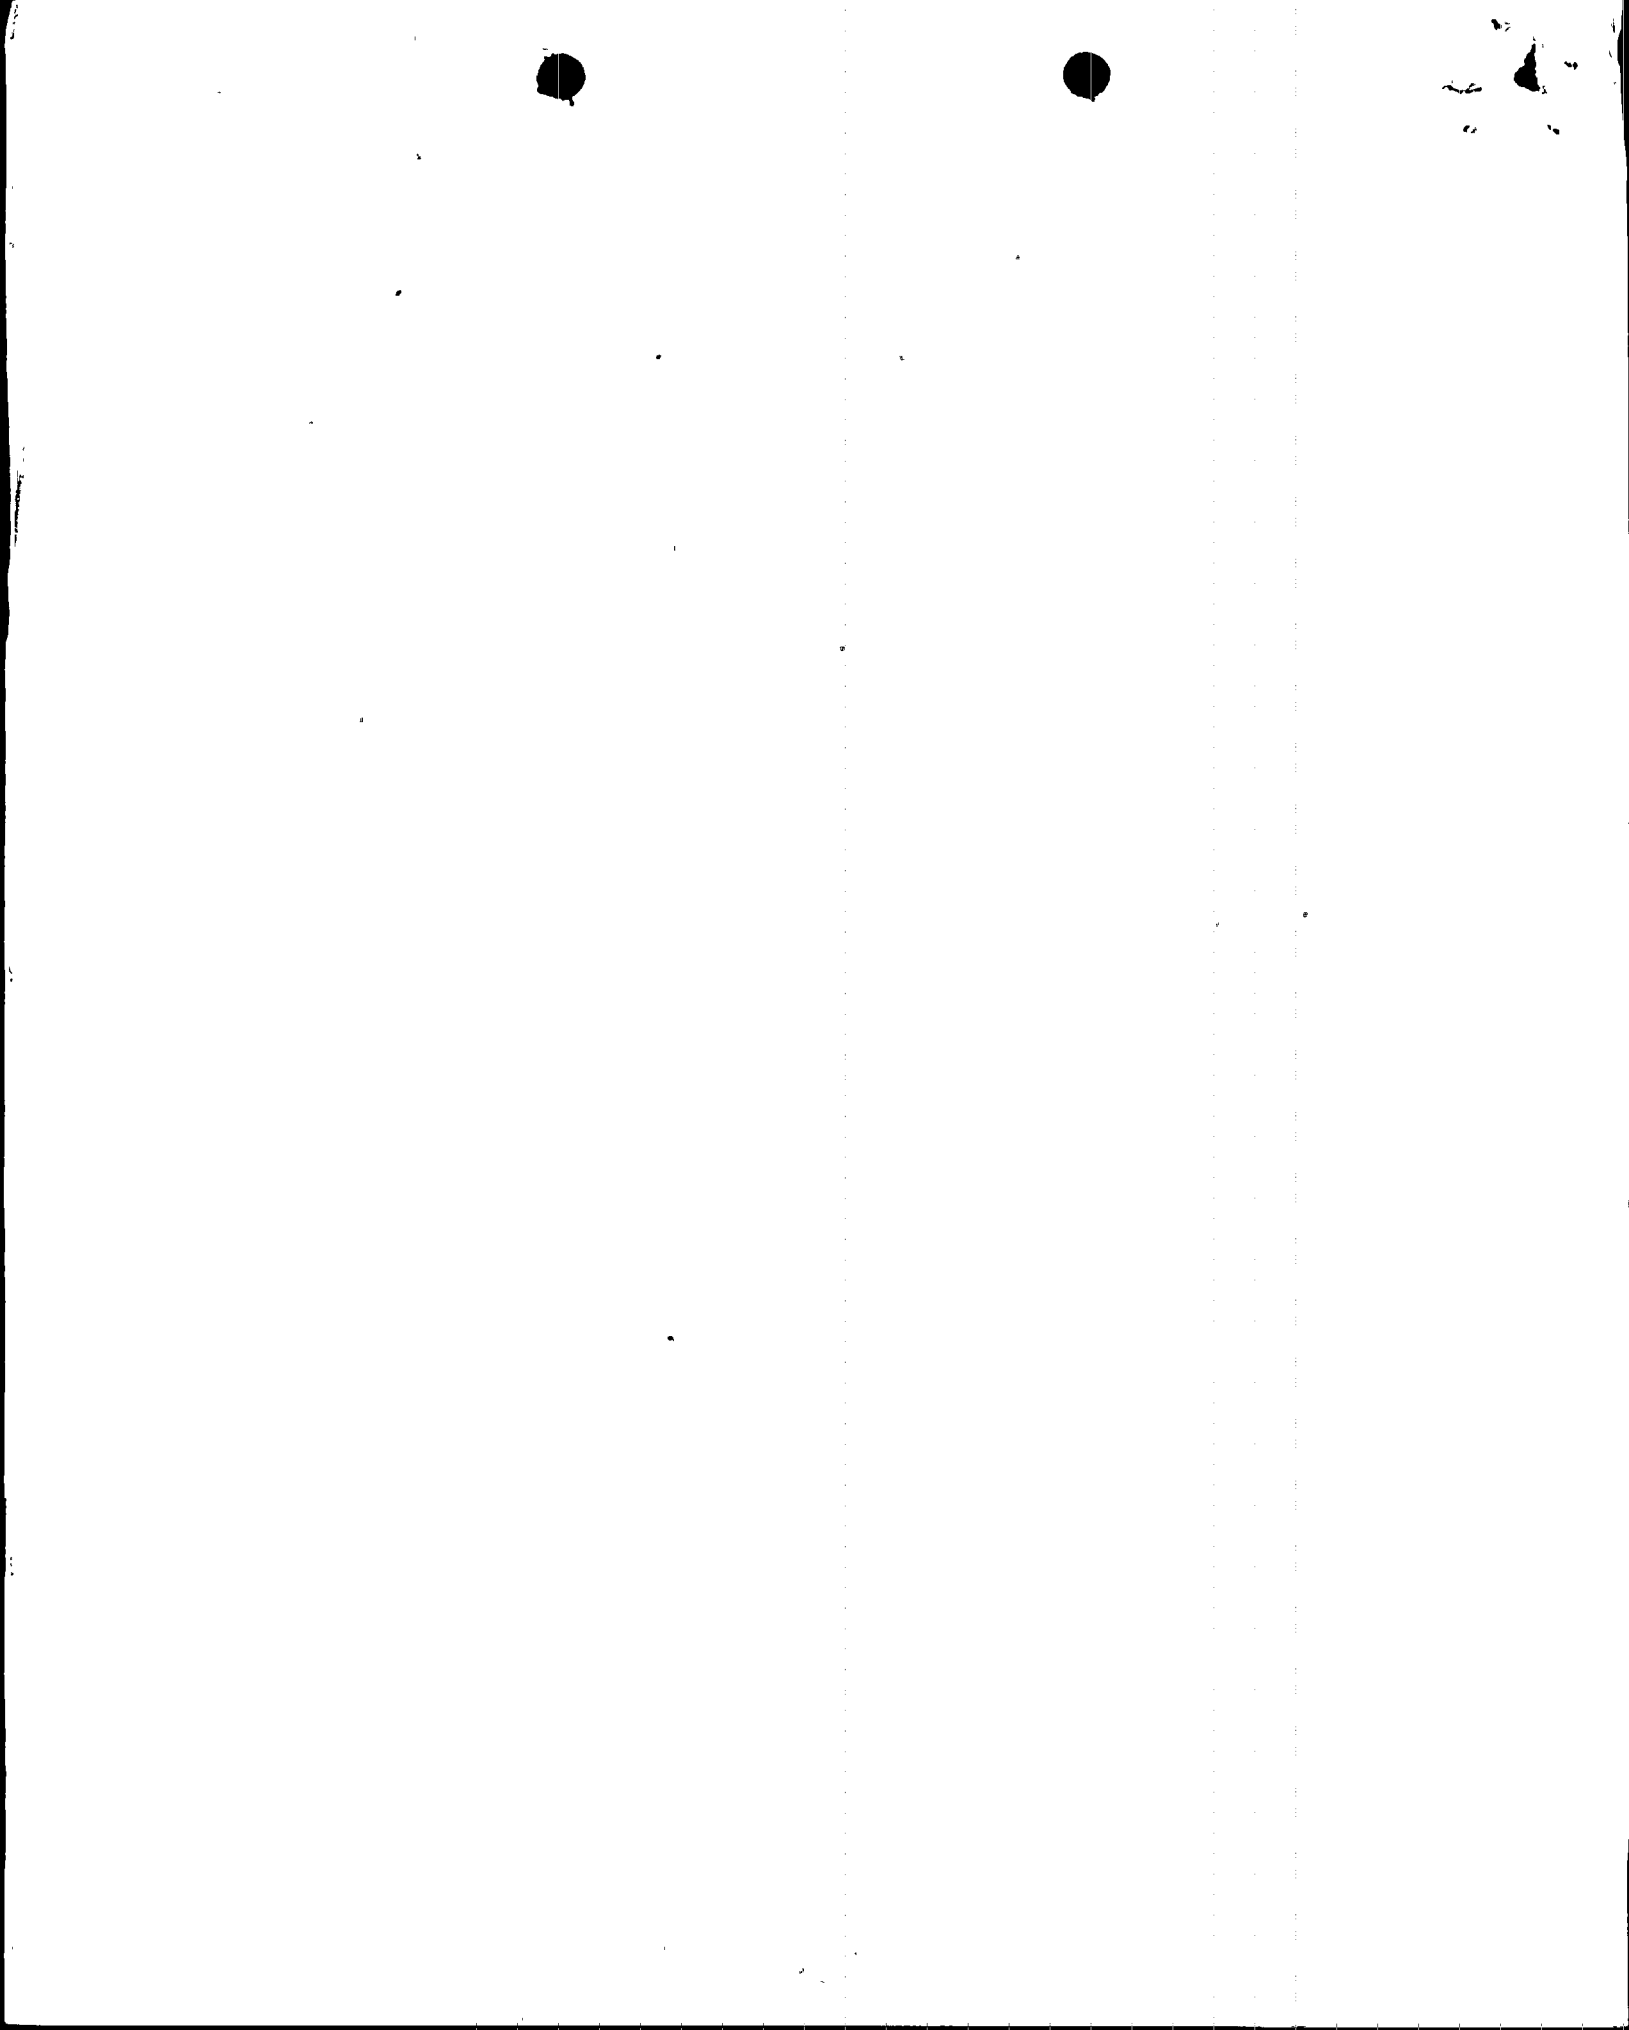

Florida Power & Light has reviewed Generic Letter 83-28 (Required Actions Based on Generic Implications of Salem ATWS Events) as it applies to Turkey Point Units 3 and 4 and St. Lucie Units 1 and 2. As FPL is a member of the Westinghouse Owners Group and a member of the Combustion Engineering Owners Group, we plan to use information expected to be developed by these groups to respond to portions of the following sections of the Generic Letter:

- 2.1 Equipment Classification and Vendor Interface (Reactor Trip System Components)
- 4.2 Reactor Trip System Reliability (Preventive Maintenance and Surveillance Program for Reactor Trip Breakers)
- 4.3 Reactor Trip System Reliability (Automatic Actuation of Shunt Trip Attachment for Westinghouse and B&W Plants)
- 4.5 Reactor Trip System Reliability (System Functional Testing)

The Owners Groups are scheduled to meet this month and we expect that scheduler information on the above items will be available after the meetings. Should the developed schedules extend past the current submittal date for the Generic Letter, we will provide the extension information requested in the letter.
