Dear Mr. Varga:

Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
NUREG 0737, Item II.B.3,
Post-Accident Sampling System

Your letter dated November 8, 1983, provided your approval of ten of the eleven criteria involved in NUREG 0737 Item II.B.3. You further stated that you would consider the eleventh item complete following review of the final core damage assessment procedures.

We are participating in the Westinghouse Owners Group development effort of these procedures. These procedures will be submitted to you by March 1, 1983 as described in the Owners Group letter OG-109 to Mr. J. A. Norris, dated November 4, 1983. These procedures will then be available for use at Turkey Point Units 3 and 4, pending any changes resulting from the NRC review.

Very truly yours,
