Office of Nuclear Reactor Regulation
Attention: Mr. Steven A. Varga, Chief
Operating Reactors Branch #1
Division of Licensing
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Varga:

Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
Inservice Inspection - Second 10 Year
Summary Plan

Your letter dated August 17, 1984 requested additional information needed for your staff to review our 10 Year Inservice Inspection Summary Plan. The information was requested by September 19, 1984. However, due to the extensive revision required of the Report's Section 3 (Relief Requests), the difficulties of researching the large amount of information requested, and due to the preparation of implementing procedures for the ISI Manual in conjunction with the upcoming St. Lucie Unit 2 outage, we are unable to comply with this request.

We therefore request an extension of the scheduled submittal to October 19, 1984.

Very truly yours,

J. W. Williams, Jr.
Group Vice President
Nuclear Energy
