Dear Mr. Varga:

Re: Turkey Point Units 3 & 4  
Docket Nos. 50-250 & 50-251  
Proposed Amendment to  
Spent Fuel Storage Facility Expansion  
Additional Information

By letter dated August 13, 1984 and received by FPL on August 21, 1984, you requested certain additional information regarding the proposed spent fuel pool expansion for Turkey Point Units 3 & 4. On September 10, 1984 (FPL letter L-84-232) we informed you that our response would be delayed until September 17, 1984. At the meeting with the Structural Engineering Branch in Bethesda on September 10, 1984 to discuss our proposed response a requirement to provide additional information was identified. This will further delay the submittal of our response until September 25, 1984. We will continue to make every effort to expedite the submittal of this information.

Very truly yours,
