Office of Nuclear Reactor Regulation
Attention: Mr. Darrell G. Eisenhut, Director
Division of Licensing
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Eisenhut:

Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
St. Lucie Units 1 and 2
Docket Nos. 50-335 and 50-389
Generic Letter 84-15
Proposed Staff Actions to Improve and
Maintain Diesel Generator Reliability

Generic Letter 84-15, dated July 2, 1984, required FPL response by October 1, 1984. Due to difficulty in obtaining verification of the plant data required for the response, FPL is unable to respond by the required date.

As stated in our letter of August 31, 1984 (L-84-223), for St. Lucie Units 1 & 2, FPL will provide responses to items 1 and 3 by January 31, 1985. The response for item 2 will be provided by October 23, 1984, for both St. Lucie Units. Responses for all items of Generic Letter 84-15 will be provided by November 1, 1984, for both Turkey Point Units.

Very truly yours,

A handwritten signature in cursive script that reads "J. W. Williams, Jr." with a small "JW" monogram below it.
