

Cynthia R. Hafenstine
Manager Nuclear and Regulatory Affairs

December 6, 2017

RA 17-0141

U. S. Nuclear Regulatory Commission
ATTN: Document Control Desk
Washington, DC 20555

Subject: Docket No. 50-482: Revision of One Procedure that Implements the Radiological Emergency Response Plan (RERP) for Wolf Creek Generating Station (WCGS)

To whom it may concern:

One procedure that implements the WCGS RERP has been revised. The revised document is identified below:

<u>Procedure</u>	<u>Effective Date</u>
EPP 06-021, Rev. 12	November 28, 2017

The attached summary of the changes to the implementing procedure explains that these changes do not reduce the effectiveness of the WCGS RERP. This letter contains no commitments. If you have any questions concerning this matter, please contact me at (620) 364-4204.

Sincerely,

Cynthia R. Hafenstine

**Summary of Changes to One Procedure that Implements
the Wolf Creek Generating Station (WCGS)
Radiological Emergency Response Plan (RERP)**

1. Procedure EPP 06-021, "Training Programs," Rev. 12

The heading of "Survey Team Techniques/Direction" in Attachment A, "Subject Category Matrix," has been changed to "Survey Team Techniques." The requirement for the Team Director—Emergency Operations Facility (EOF) to complete the Survey Team Techniques class has been removed from the Subject Category Matrix.

The Survey Team Techniques class focuses on field survey techniques for the Joint Radiological Monitoring Teams and, therefore, provides minimal benefit to the EOF Team Directors. The detailed information associated with the Emergency Plan Training Program is described in procedure EPP 06-021 but is not described in the WCGS RERP.

The training program continues to provide required and adequate training to Emergency Response Organization (ERO) position holders. Therefore, the changes to procedure EPP 06-021 do not decrease the effectiveness of the WCGS RERP.
