Office of Administration
Attention: Ms. Reba M. Diggs
Facilities Program Coordinator
License Fee Management Branch
U. S. Nuclear Regulation Commission
Washington, D.C. 20555

Dear Ms. Diggs:

Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
BART - WREFLOOD Input Revision/Application Fee

On April 16, 1985 Florida Power & Light Company submitted a letter to the Office of Nuclear Reactor Regulation providing information on a reanalysis of the Turkey Point Units 3 and 4 ECCS performance using a recently revised Westinghouse ECCS evaluation model. The Office of Nuclear Reactor Regulation reviewed that submittal and issued a Supplemental Safety Evaluation to one they issued December 23, 1983, with License Amendments 99 and 93 for Turkey Point Units 3 and 4.

Your letter of May 13, 1985 stated that our April 16, 1985 submittal is subject to the fee provisions of 10 CFR 170, as revised June 20, 1984. Accordingly a check for \$150.00, the application fee for review of the April 16, 1985 submittal, is attached.

Very truly yours,

J. W. Williams, Jr.
Group Vice President
Nuclear Energy

JWW/TCG/cab
