Hi Leah,

I think the changes look good. Nice work

Dave

**Subject:** CPIC Policy v 2.1 For Review/Approval

Dave,

Attached is the CPIC Policy version 2.1 for your review and approval. Per FITARA's milestone number 12 (The NRC will refine the process by which the CIO certifies incremental development, as appropriate. Related policy documents will be updated to add clarity, a procedural document(s) developed, and all changes communicated to NRC staff), The NRC is required to update all CPIC policy and process documents and post them to the external website by December 31, 2017.

For you awareness, the CPIC Process document (v 2.0) has gone through PIMB approval and is currently with QTE. Once it has gone through concurrence, I will submit it to you for your review/approval.

If you have any questions, please let me know. Thank you.
