MEMORANDUM FOR RECORD

SUBJECT: Appointment of DLA Distribution Radiation Safety Committee

The Nuclear Regulatory Commission (NRC) License 37-30062-01, issued to DLA Distribution, requires the appointment of a Radiation Safety Committee (RSC) to maintain oversight of the license, establish a Radiological Health Program, ensure compliance with NRC requirements and implement policies as necessary to maintain mission requirements.

The personnel designated by the following senior management positions are appointed as members to the Distribution RSC:

Director, Distribution Current Operations, RSC Chairperson (J3)  
Director, Distribution Process and Planning (J4)  
Director, Information Operations (J62)  
Director, Financial Operations (J8N)  
Site Director, DLA Installation Support for Distribution (DS-FD)  
General Counsel (GC)  
Radiation Safety Officer (DS-FDO)

The RSC shall meet at least quarterly or more often if necessary to provide program policy and direction. A simple majority must be present to constitute a quorum. Senior management personnel may delegate a representative to attend; however, a quorum must include the Chairperson and a Radiation Safety Officer.

This appointment supersedes all previous letters on the subject and shall remain in effect indefinitely or until superseded due to organizational changes.

RICHARD B. DIX  
Brigadier General, USA  
Commanding General
