Allen, sorry I missed the followup email, I checked your account and you should be able to see, view the hydrology audit details. The remaining two have not been turned on for the NRC yet. Please contact me if you have any additional issues. I will be travelling most of the day, but will get back to you as soon as possible.

Thanks

TVA External Message. Please use caution when opening.

I just logged on to IMS and see no inspections for Clinch River. Please make sure I have the appropriate viewer access rights, and check on the status of the rest of the RGS team as well. Many Thanks.
