1. The first part of the report is a summary of the work done during the year. It includes a list of the projects completed and a brief description of the results achieved. The second part of the report is a detailed account of the work done on each project. It includes a description of the objectives of the project, the methods used, the results obtained, and a discussion of the significance of the results. The third part of the report is a list of the references used in the work.

Gentlemen:

This office routinely receives verbal notification of release of amendments to NRC licenses for nuclear power plants in Florida. This telephone notification on a case-by-case basis is not necessary. The written notice of proposed amendments soliciting comments and the written report of release is adequate notification.

Sincerely,

Dyle B. Jerrett
Director

Office of Radiation Control
