Dr. Nelson Grace
Nuclear Regulatory Commission
101 Marietta Street - Suite 2900
Atlanta, GA 30323

Dear Dr. Grace:

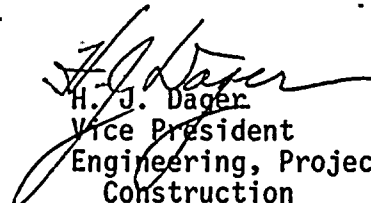

This letter is to confirm the date for our meeting with you on July 22 at 10:00 a.m. in your office. The purpose of the meeting is to explain how we are improving the engineering support for Turkey Point. The tentative agenda is as follows:

- Overview of Power Plant Engineering - Walt Rogers, Chief Engineer - 15 minutes.
- Quality Improvement (QI) story on Improving Engineering Support for Turkey Point - Dave Chaney, Project Manager Engineering Turkey Point - 25 minutes.
- Standard Engineering Design Package and Design Integration Review Team (DIRT) - Habib Jabali, Assistant Chief Engineer - 15 minutes.

In addition to the presenters, Cecil Wethy and I will attend to provide backup for questions. We plan to have Dave Chaney give his presentation in the QI story format so as to give you insight into how our QIP process works corporate-wide.

If you have any questions, comments, or changes, please call me.

Sincerely,

H. J. Dager
Vice President
Engineering, Project &
Construction
