U. S. Nuclear Regulatory Commission
Attn: Document Control Desk
Washington, D. C. 20555

Gentlemen:

Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
NRC Bulletin No. 87-02 Supplements 1 and 2
Fastener Testing to Determine Conformance
with Applicable Material Specifications

By Supplements 1 and 2 of the subject Bulletin, the NRC staff requested licensees to, 1) provide a list of suppliers and manufacturers from which safety related ferrous fasteners 1/4 inch in diameter or greater may have been purchased within the past 10 years, and 2) provide similar information for non-safety related fastener suppliers.

Enclosed is the Florida Power & Light Company (FPL) response for Turkey Point to Supplement 2 of the Bulletin. The information included is as follows:

- Enclosure 1) Primary Suppliers List - Those suppliers which were included on the FPL Quality Assurance Approved Suppliers List, and whose scope included supplying fasteners.
- Enclosure 2) Secondary Suppliers List - Those suppliers which were on the FPL Quality Assurance Approved Suppliers List and may have supplied fasteners with their products or as spare parts.
- Enclosure 3) Non-Safety Suppliers List - Those suppliers which were generally used to provide non-safety related fasteners to the Turkey Point site. In addition, the suppliers listed in Enclosure 1 may also be used to provide non-safety related fasteners.

ENCLOSURE 3

NON-SAFETY SUPPLIERS LIST

FPL provides the following list of suppliers generally used to provide non-safety related fasteners to the Turkey Point Site. The information was compiled from Purchase Order and warehouse information available for fastener purchases. Additionally, all suppliers listed for Action Item 1 of this Bulletin may have supplied fasteners which have been used in non-safety applications.

This list is not all inclusive as Site procedures do not require non-safety procurement information storage, traceability for non-safety related fasteners, or ordering detail to provide a complete and verifiable listing of all possible suppliers of non-safety fasteners. Certified Material Test Reports or Manufacturers Certificates of Compliance are not required for ordering non-safety related fasteners. Information concerning subtier suppliers or manufacturers is not generally available at the Site for non-safety related fasteners.
