Subject: Restart Operations

Discussion: I talked to Mr. Nelligan for an update on restarting operations. He believed that there would be a research and development protocol performed the last week in December. I asked if he could send me a letter after operations started to say that they started operations and that they no longer needed the request for an extension as stated in the October 26, 2017, letter. I told I would remind him that week and he said that he could send in the letter.

Action Required: Remind Mr. Nelligan to send in a letter when operations restart
