Severe Accident Vulnerabilities
Generic Letter (GL) No. 88-20, Supplement 4

Florida Power and Light Company (FPL), by letter dated August 31, 1992, indicated that it would be implementing the FPL Seismic Program at St. Lucie Unit 2 in September 1992. Due to competing resource needs to support the recovery program at Turkey Point after Hurricane Andrew, the implementation has been delayed and will now occur prior to the end of 1992.
