Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251

By letter dated September 12, 1994, (V. M. McCree to J. H. Goldberg), the NRC requested Florida Power and Light Co. (FPL) review two concern issues described in the letter's enclosure.

FPL has performed an investigation into the concerns (two) through our Nuclear Safety SPEAKOUT program. The results of the investigation are enclosed.

If you have any additional questions concerning this matter, please feel free to contact me or my staff.

As indicated in your letter, the enclosure is exempt from disclosure pursuant to 10 CFR 2.790 (a)(6) and (7).

Very truly yours,

J. E. Geiger
Vice President
Nuclear Assurance
