Gentlemen:

Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
NPDES Permit Administration by Florida

In accordance with Section 3.2.2 of the Turkey Point Units 3 and 4 Environmental Protection Plan (Appendix B of Facility Operating Licenses DPR-31 and DPR-41), attached is a copy of the Order identifying the Florida Department of Environmental Protection as the permitting agency authorized to administer the National Pollution Discharge Elimination System (NPDES) permit for Turkey Point. The authorization was issued by the Environmental Protection Agency (EPA) and became effective on May 1, 1995, with FPL receiving written notification of the change on June 9, 1995. All permit conditions of the previous EPA approved NPDES permit remain in effect.

Very truly yours,

T. F. Plunkett
Vice President

ENVIRONMENTAL AFFAIRS

Re: Florida Power and Light Company
Turkey Point Power Plant
State I.D. 5013P00119, NPDES No. FL0001562

Dear Mr. Leskovjan:

On May 1, 1995, the Florida Department of Environmental Protection (Department) was granted authority by the U.S. Environmental Protection Agency (EPA) to administer the National Pollutant Discharge Elimination System (NPDES) permitting program. Effective that date, the Department assumed permitting and enforcement authority for the NPDES permit(s) issued by EPA for point source discharges from your wastewater facility(ies) to waters of the United States. Also on May 1, the new wastewater permitting rule, Chapter 62-620, Florida Administrative Code, became effective. The rule applies to all state wastewater permitting and supersedes previous rule provisions.

Pursuant to Rule 62-620.105(10), Florida Administrative Code (F.A.C.), the EPA-issued NPDES permit and State-issued wastewater permit for each facility are being combined into one document (Order). Enclosed is an Order identifying the Department as the permitting agency, providing the address to which your monitoring reports should be sent, and assigning a new permit number to this combined document. The permittee should affix the referenced individual permits to the enclosed Order(s) as Section I (Federal NPDES permit) and Section II (State issued permit). If you recently received an NPDES permit from EPA with an effective date later than May 1, 1995, you should also attach the newly issued permit. Duplicate permit conditions will be addressed upon renewal of this Order or, in the interim, upon a request by the permittee for a substantial revision under Rule 62-620.325, F.A.C.

Pursuant to Chapter 403.087, Florida Statutes, and Rule 62-4.052, F.A.C., an initial pro-rated regulatory program and surveillance fee is due July 30, 1995, for the facilities referenced above.

"Protect, Conserve and Manage Florida's Environment and Natural Resources"

Printed on recycled paper.

Each year thereafter, the annual regulatory program and surveillance fee will be due January 15. Enclosed is a work sheet identifying the annual fee(s) applicable to your facility(ies) according to information on file at our office. If you have questions about these fees, please contact this office by June 20, 1995. Invoices for the initial annual fees will be mailed after that date.

Please note that the Department did not request authorization for the federal sewage sludge management program. The EPA will issue sludge only permits for facilities with NPDES permits containing sludge management related permit conditions.

If there are any questions about your monitoring requirements or the annual fees, please contact Craig Diltz of my staff at telephone number (904) 488-4522.

Sincerely,

A handwritten signature in dark ink, appearing to read "RM Harvey", written in a cursive style.

DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF AGENCY ACTION

In the Matter of an Order for:

WASTEWATER PERMIT
NO. FL0001562

Florida Power and Light Company
P.O. Box 088801
North Palm Beach, Florida 33408-8801
Dade County

Pursuant to Rule 62-620.105(10)(a), Florida Administrative Code (F.A.C.), this order constitutes issuance of Wastewater Permit No. FL0001562 to Florida Power and Light Company - Turkey Point Power Plant which combines NPDES permit FL0001562 (Section I) and State permit IO13-227117 (Section II). The NPDES permit in Section I is adopted under Section 403.0885, Florida Statutes (F.S.). The State permit in Section II remains in effect under Sections 403.087 and 403.088, F.S. This agency action combining these permits is limited to identifying the Department as the permitting agency, providing addresses to send monitoring reports, providing an expiration date, and assigning a new permit number.

All permit conditions of both sections remain in effect and are unchanged. All of the conditions in Sections I and II are enforceable under Chapter 403, F.S. In addition, the conditions in Section I are enforceable under the Federal Clean Water Act by the Environmental Protection Agency.

The permittee shall continue all monitoring required by both sections of this Order. Monitoring required under Section I shall continue to be reported on EPA form 3320-1. EPA form 3320-1 for the months of April, May, and June shall be sent to the EPA. Effective with the report for the month of July 1995, the permittee shall submit EPA form 3320-1 to the Department of Environmental Protection, Mail Station 3551, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. All monitoring required under Section II shall continue to be reported on the forms required in Section II, but shall be sent to the Department at this Tallahassee address rather than to the District Office. Other than the monitoring reports for April - June, all correspondence and requests regarding Section I of this wastewater permit should be directed to this office beginning immediately.

In accordance with Rule 62-620.105, F.A.C., this Order expires on April 30, 1998, unless revised under Rule 62-620.325, F.A.C., or renewed under Rule 62-620.335, F.A.C.

A person whose substantial interests are affected by this agency action may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within 14 days of receipt of this permit. Petitioner shall mail a copy of the petition to the permittee at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S. The Petition shall contain the following information:

- (a) The name, address, and telephone number of each petitioner, the permittee's name and address, the Department Permit number, and the county in which the project is located;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this agency action. Persons whose substantial interests will be affected by any decision of the Department with regard to the agency action have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of receipt of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

This Order is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above paragraphs or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition and conforms to Rule 62-103.070, F.A.C. Upon

timely filing of a petition or a request for an extension of time this agency action combining the existing permits will not be effective until further Order of the Department.

When the agency action is final, any party to the Order has the right to seek judicial review of the Order pursuant to Section 120.68, F.S., by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date of the Final Order is filed with the Clerk of the Department.

Executed in Tallahassee, Florida.
