SPEAKOUT Program Self-Assessment

- References:
1. Letter from J. H. Goldberg to Document Control Desk (Attn: Mr. Stewart D. Ebnetter), "Response to NRC Concern Regarding Alleged Discrimination Against An Employee for Engaging in Protected Activity (94-ERA-53)," L-95-329, dated December 11, 1995.
 2. Letter from T. F. Plunkett to Document Control Desk (Attn: Mr. Stewart D. Ebnetter), "Response to NRC Concern Regarding Alleged Discrimination Against An Employee for Engaging in Protected Activity (92-ERA-10)," L-96-103, dated April 24, 1996.

In Reference 1 above, Florida Power & Light (FPL) committed to performing a self-assessment of its nuclear safety SPEAKOUT program. In Reference 2 above, FPL reiterated its commitment to complete the subject self-assessment and committed to notifying the NRC upon completion. The purpose of this letter is to notify you that we have completed our self-assessment of the SPEAKOUT program (i.e., have a report which identifies various improvement opportunities) and have concluded that we continue to maintain an effective program.

The NRC, Region II, conducted an Employee Concerns Program inspection during the same time that the self-assessment was being performed. Recommendations from FPL's self-assessment and the NRC's Inspection Reports, 50-250/50-251/96-05 and 50-335/50-389/96-07 dated May 31, 1996, are being reviewed by senior management to determine appropriate program enhancements.

FPL management is committed to maintaining the high standards established by our SPEAKOUT program. Should you have any questions regarding this letter, please give me a call.

Very truly yours,

T. F. Plunkett
