Hi Robin,

I wasn't familiar with the 158 State Street address, but when I got to my office I googled it and it appears to be the same location as the Devine St. location. Devine St. is just around the corner and there is an access road from State St. into the office park where the North Haven Cardiology office is located.

**Subject:** Question

Hi Mike,

I am working through your license preparation and I noticed in that a letter was submitted in May 14, 2012 adding 158 State Street, North Haven as the main location of use for Cardiology Associates of New Haven which you acquired in 2014. I did not see that location in your list of Facilities in Item 9. Did I miss a termination of this location or is it still in use?

Thanks,

*Robin L. Elliott*
