

VOID SHEET

TO: License Fee Management Branch

FROM: RIII - Material Licensing Branch

SUBJECT: VOIDED APPLICATION

Control Number: 601368

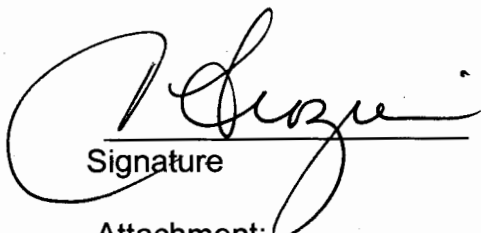

Applicant: Cardinal Health

License Number: 34-29200-01MD

Docket Number: 030-36973

Date Voided: December 19, 2017

Reason for Void: The licensee in letter dated September 22, 2017, is requesting an amendment for authorization for Germanium-68/Gallium-68 generators. Based on a review of the amendment request, it was determined that additional information regarding Financial Assurance (i.e., modified instrument (surety bond), Stand-by Trust Agreement (STA) and modified cost estimates) would be needed to approve the request. Therefore, in accordance with several discussions with Glenn Sullivan, Radiation Safety Officer (RSO) and discussions on December 19, 2017, with the license reviewer Jennifer Dalzell-Bishop (assigned the Financial Assurance amendment) and with the MLB Branch Chief, the licensing action will be voided to allow the licensee the additional time to submit the requested information for Financial Assurance.

A handwritten signature in black ink, appearing to be "J. Dalzell-Bishop", written over a horizontal line.
