

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

January 31, 2018

The Honorable James E. Risch
Chairman, Committee on Small
Business and Entrepreneurship
United States Senate
Washington, DC 20510

Dear Mr. Chairman:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), as required by the Small Business Regulatory Enforcement Fairness Act of 1996, I am reporting on the status of the agency provision of "Compliance Guides" to small entities for rules that affect them.

The agency directs much of its regulatory activity to NRC licensees that are not considered small entities under the size standards in § 2.810 of Title 10 of the *Code of Federal Regulations*, "NRC size standards." However, there are a few rules that do have a significant impact on a substantial number of small entities. A complete list of those rulemakings and their corresponding guidance documents is available on the agency's Web site at <https://www.nrc.gov/about-nrc/regulatory/rulemaking/flexibility-act/small-entities.html>.

Since our last report on this matter dated May 19, 2017, only one new rule has been determined to have a significant impact on a substantial number of small entities. This final rule, "Revision of Fee Schedules; Fee Recovery for Fiscal Year 2017," amended the licensing, inspection, and annual fees that the NRC charges to its applicants and licensees (82 FR 30682; June 30, 2017).

If you have any questions or concerns regarding this matter, please contact me or have your staff contact Eugene Dacus, Director of the Office of Congressional Affairs, at (301) 415-1776.

Sincerely,

Kristine L. Svinicki
