Thanks for your help! I have just been trying to get the program if full compliance as it should have been before. I think we are now there, once these rules are final.

Have a great Xmas and a wonderful New Year!! I have really enjoyed working with you all!!

Ok, I will hold the submittal for now; **please send me a confirmatory email when they have been published and I will process at that time; you won't have to resubmit.** Sorry, but we have found that sometimes this doesn't happen on time, or the regulations have changed. That is why our letter transmitting the proposed regulation review states that we will review the final regulations "as published". Thanks Dale.

Hi Dale, one question: were these rules adopted yet? If so, please indicate the date; if not, please submit them after they have been published.

Thanks,
Michelle

Hi Michelle,

The attached rules have no tracking. I will send another email of the same rules with tracking on. I have also included letter (PDF) signed by Terry O'Clair outlining those changes with cross references.
