Dear Mr. Denton:

I wish to urge denial of CP&L's request for exemption from the requirement, under 10 CFR 50, Appendix E, that the Company conduct a full participation exercise of the Emergency Response Plan for its Shearon Harris nuclear power plant within one year before beginning commercial operation of the plant or before operating at greater than five percent of rated power. Because of the need for changes in the evacuation plan, I believe this exercise should be conducted before the plant is permitted to operate at all.

Sincerely,

C.K. Marden

Dear Mr. Denton:

We are pleased that you denied "backfit status" for two design changes to Shearon Harris. We are hoping that you will require CP&L to meet the specific NRC regulations in full. We also hope that you are fully investigating the substance of our concerns in the Petition to Intervene and the Motion to Stay the Immediate Effectiveness of the NRC's Licensing Board's Final Decision on Shearon Harris.

Sincerely,

Elizabeth Bickel
