Yes, if you can. I forgot we corrected a few items from letters as well.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning David, I have one question regarding your submission: I noticed that you included other RATS IDs (2007-3, 2012-2 and 2012-4) on your cross reference document besides 2015-1 through 2015-5; do you want us to include those as well for review in order to resolve the comments from our previous letter? Please let me know.

Thanks,
Michelle

Subject: [External_Sender] Georgia - FINAL Rule Revisions to reflect RATS 2015-1 through 2015-5

Please find attached the Final Rule changes to reflect RATS 2015-1 through 2015-5. All comments made in the June 21, 2017 Regulation Review letter have been addressed.

The official version of the rules were filed with the Georgia Secretary of State on December 20, 2017 and published today (January 3, 2018) on their website at <http://rules.sos.ga.gov/gac/391-3-17>.

I would appreciate confirmation that the package was received.

Enclosures:

- Cover Letter
- Georgia Rule Revisions RATS 2015-1-5 + Part37 - Table for NRC (Crosswalk Summary of RATS Tables)
- RATS2015 updates-Radioactive Materials Rulebook approved December 6, 2017 (Rulebook) – dated June 21, 2017

Thank you,
David Matos
