This is the NRC staff's second hearing file and mandatory disclosures update. Materials in the hearing file may be accessed through the Agencywide Documents Access and Management System ("ADAMS"). An index containing the ADAMS accession number, date, and title or description of each item in the initial disclosure is appended hereto as Attachment 1.

¹ NRC staff received notification from ADAMS administrators that a system infrastructure error caused three duplicate documents to be published in the December 13, 2017, NRC staff initial disclosures. The system administrators removed the following three accession numbers that represented duplicate documents: (ML17346A047, ML17347A022, and ML17347B241). The following accession numbers continue to provide access to these documents: (ML17346A058, ML17347A027, and ML17347B659).

Further, pursuant to 10 C.F.R. § 2.336(c), attached is the Affidavit of Allen Fetter, certifying that all relevant materials required by this section have been disclosed, and that the disclosures are accurate and complete as to documents identified by January 3, 2018.

Finally, the NRC Staff notes that it has made a good faith effort to identify and characterize all documents meeting the criteria of 10 C.F.R. § 2.336(b), as modified by the "Agreement of the Parties Regarding Mandatory Discovery Disclosures," dated November 8, 2017, and 10 C.F.R. § 2.1203 in this proceeding.
