

**UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001**

February 1, 2018

Michael Reimer, Ph.D.
[REDACTED]

SUBJECT: LETTER REGARDING PARTICIPATION IN LICENSE PROCEEDING ABOUT
THE CHANGE OF SEDIMENT SAMPLING LOCATION AT THE POHAKULOA
TRAINING AREA (SOURCE MATERIALS LICENSE NO. SUC-1593, DOCKET
40-09083)

Dear Dr. Reimer:

I received your letter dated December 29, 2017, (Agencywide Documents Access Management System (ADAMS) Accession No. ML18017A522) regarding the December 11, 2017 Nuclear Regulatory Commission's (NRC's) notice¹ in the *Federal Register* about the licensing proceeding for Source Materials License No. SUC-1593. This proceeding is specific to the changes in sediment sampling locations for three sites to include the Pohakuloa Training Area (PTA) in Hawaii. In your letter, you offer your services to the NRC as an outside, independent consultant and reviewer in this proceeding.

I appreciate your interest in this proceeding. We intend to perform this review with NRC staff. Additionally, the NRC's notice provides instructions on how to participate in this proceeding. This notice states that within 60 days after the date of publication of this notice, any persons (petitioner) whose interest may be affected by this action may file a request for a hearing and petition for leave to intervene (petition) with respect to the action. The notice also gives instructions on how file a request for a hearing and petition for leave to intervene (petition) with respect to the action. The notice also states that a request for a hearing or petition for leave to intervene must be filed by February 9, 2018. NRC provided you a copy of this notice on December 13, 2017 (ADAMS Accession No. ML17352A867). I have enclosed another copy of this notice for your convenience.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
