MEMORANDUM FOR THE
CHIEF OF STAFF

Nuclear Energy Liability Insurance
NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

INCREASE OF LIMIT OF LIABILITY ENDORSEMENT
(After Prior Increase)

It is agreed that:

1. The limit of liability stated in Item 4 of the declarations as amended by the Increase of Limit of Liability Endorsement(s) listed below is further amended to read \$ 108,500,000.00. This amended limit applies with respect to obligations assumed or expenses incurred because of bodily injury or property damage caused, during the period from the effective date of this endorsement to the date of termination of the policy, by the nuclear energy hazard.
2. The original limit of liability stated in Item 4 of the declarations, the limit(s) of liability stated in the Increase of Limit of Liability Endorsement(s) listed below and the amended limit of liability stated in paragraph 1 above shall not be cumulative, and each payment made by the companies after the effective date of this endorsement for any loss or expense covered by the policy shall reduce by the amount of such payment the limit of liability originally stated in Item 4 of the declarations, the amended limit(s) of liability stated in the Increase of Limit of Liability Endorsement(s) listed below and the amended limit of liability stated in paragraph 1 above, regardless of which limit of liability applies with respect to the bodily injury or property damage out of which such loss or expense arises.

Previous Increase of Limit of Liability Endorsement(s)

Endorsement No(s): 17, 27, 39 and 45

This is to certify that this is a true copy of the original Endorsement having the endorsement number and being made part of the Nuclear Energy Liability Policy (Facility Form) as designated hereon. No Insurance is afforded hereunder.

ADVANCE PREMIUM AND STANDARD PREMIUM ENDORSEMENT

CALENDAR YEAR 1977

It is agreed that Items 1a. and 1b. of Endorsement No. 54
are amended to read:

1a. ADVANCE PREMIUM: It is agreed that the Advance
Premium due the companies for the period designated above
is: \$ 256,333.98

1b. STANDARD PREMIUM AND RESERVE PREMIUM: In the
absence of a change in the Advance Premium indicated above,
it is agreed that, subject to the provisions of the Industry
Credit Rating Plan, the Standard Premium is said Advance
Premium and the Reserve Premium is: \$ 192,488.82

Additional Premium: \$7,753.23

This is to certify that this is a true copy of the original
Endorsement having the endorsement number and being made part
of the Nuclear Energy Liability Policy (Facility Form) as des-
ignated hereon. No Insurance is afforded hereunder.

Nuclear Energy Liability Insurance
NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

AMENDMENT OF CONDITION 2 "INSPECTION; SUSPENSION"
(Facility Form)

It is agreed that Condition 2 "INSPECTION; SUSPENSION" is replaced by the following:

- 2 **INSPECTION; SUSPENSION** The companies shall at any time be permitted but not obligated to inspect the facility and all operations relating thereto and to examine the insured's books and records as far as they relate to the subject matter of this insurance. Neither the right to make inspections and examinations nor the making thereof nor any advice or report resulting therefrom shall constitute an undertaking, on behalf of or for the benefit of the insured or others, to determine or warrant that such facility or operations are safe or healthful, or are in compliance with any law, rule or regulation.

If a representative of the companies discovers a condition which he believes to be unduly dangerous with respect to the nuclear energy hazard, a representative of the companies may request that such condition be corrected without delay. In the event of non-compliance with such request, a representative of the companies may, by notice to the named insured, to any other person or organization considered by the companies to be responsible for the continuance of such dangerous condition, and to the United States Nuclear Regulatory Commission, suspend the insurance with respect to the named insured and such other person or organization effective 12:00 midnight of the next business day of such Commission following the date that such Commission receives such notice. The period of such suspension shall terminate as of the time stated in a written notice from the companies to the named insured and to each such person or organization that such condition has been corrected.

This is to certify that this is a true copy of the original Endorsement having the endorsement number and being made part of the Nuclear Energy Liability Policy (Facility Form) as designated hereon. No Insurance is afforded hereunder.

Nuclear Energy Liability Insurance
NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

WAIVER OF DEFENSES ENDORSEMENT
(Extraordinary Nuclear Occurrence)

The named insured, acting for himself and every other insured under the policy, and the members of Nuclear Energy Liability Insurance Association agree as follows:

1. With respect to any extraordinary nuclear occurrence to which the policy applies as proof of financial protection and which

- (a) arises out of or results from or occurs in the course of the construction, possession, or operation of the facility, or
- (b) arises out of or results from or occurs in the course of the transportation of nuclear material to or from the facility,

the insureds and the companies agree to waive

- (1) any issue or defense as to the conduct of the claimant or the fault of the insureds, including but not limited to:

- (i) negligence,
- (ii) contributory negligence,
- (iii) assumption of risk, and
- (iv) unforeseeable intervening causes, whether involved the conduct of a third person, or an act of God,

- (2) any issue or defense as to charitable or governmental immunity, and

- (3) any issue or defense based on any statute of limitations if suit is instituted within three years from the date on which the claimant first knew, or reasonably could have known, of his bodily injury or property damage and the cause thereof, but in no event more than twenty years after the date of the nuclear incident.

The waiver of any such issue or defense shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action.

2. The waivers set forth in paragraph 1. above do not apply to

- (a) bodily injury or property damage which is intentionally sustained by the claimant or which results from a nuclear incident intentionally and wrongfully caused by the claimant;
- (b) bodily injury sustained by any claimant who is employed at the site of and in connection with the activity where the extraordinary nuclear occurrence takes place if benefits therefor are either payable or required to be provided under any workmen's compensation or occupational disease law;
- (c) any claim for punitive or exemplary damages, provided, with respect to any claim for wrongful death under any State law which provides for damages only punitive in nature, this exclusion does not apply to the extent that the claimant has sustained actual damages, measured by the pecuniary injuries resulting from such death but not to exceed the maximum amount otherwise recoverable under such law.

3. The waivers set forth in paragraph 1. above shall be effective only with respect to bodily injury or property damage to which the policy applies under its terms other than this endorsement; provided, however, that with respect to bodily injury or property damage resulting from an extraordinary nuclear occurrence, Insuring Agreement IV, "Application of Policy", shall not operate to bar coverage for bodily injury or property damage (a) which is caused during the policy period by the nuclear energy hazard and (b) which is discovered and for which written claim is made against the insured not later than twenty years after the date of the extraordinary nuclear occurrence.

Such waivers shall not apply to, or prejudice the prosecution or defense of any claim or portion of claim which is not within the protection afforded under

- (a) the provisions of the policy applicable to the financial protection required of the named insured;
- (b) the agreement of indemnification between the named insured and the the Nuclear Regulatory Commission made pursuant to Section 170 of the Atomic Energy Act of 1954, as amended; and
- (c) the limit of liability provisions of Subsection 170e. of the Atomic Energy Act of 1954, as amended.

Such waivers shall not preclude a defense based upon the failure of the claimant to take reasonable steps to mitigate damages.

4. Subject to all of the limitations stated in this endorsement and in the Atomic Energy Act of 1954, as amended, the waivers set forth in paragraph 1. above shall be judicially enforceable in accordance with their terms against any insured in an action to recover damages because of bodily injury or property damage to which the policy applies as proof of financial protection.

5. As used herein:

"extraordinary nuclear occurrence" means an event which the Nuclear Regulatory Commission has determined to be an extraordinary nuclear occurrence as defined in the Atomic Energy Act of 1954, as amended.

"financial protection" and "nuclear incident" have the meanings given them in the Atomic Energy Act of 1954, as amended.

"claimant" means the person or organization actually sustaining the bodily injury or property damage and also includes his assignees, legal representatives and other persons or organizations entitled to bring an action for damages on account of such injury or damage.

This damage certify that this is a true copy of the original Endorsement having the endorsement number and being made part of the Nuclear Energy Liability Policy (Facility Form) as designated hereon. No Insurance is afforded hereunder.

Nuclear Energy Liability Insurance
NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

AMENDMENT OF DEFINITION OF
"NUCLEAR ENERGY HAZARD"
(Indemnified Nuclear Facility)

It is agreed that:

1. Solely with respect to an "insured shipment" to which the policy applies as proof of financial protection required by the Nuclear Regulatory Commission, subdivision (2) of the definition of "nuclear energy hazard" is amended to read:

(2) the nuclear material is in an insured shipment which is away from any other nuclear facility and is in the course of transportation, including handling and temporary storage incidental thereto, within

(a) the territorial limits of the United States of America, its territories or possessions, Puerto Rico or the Canal Zone; or

(b) international waters or airspace, provided that the nuclear material is in the course of transportation between two points located within the territorial limits described in (a) above and there are no deviations in the course of the transportation for the purpose of going to any other country, state or nation, except a deviation in the course of said transportation for the purpose of going to or returning from a port or place of refuge as the result of an emergency.

2. As used here, "financial protection" has the meaning given it in the Atomic Energy Act of 1954, as amended.

This is to certify that this is a true copy of the original Endorsement having the endorsement number and being made part of the Nuclear Energy Liability Policy (Facility Form) as designated hereon. No Insurance is afforded hereunder.

T

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in all financial dealings.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the sampling process and the statistical tools employed to interpret the results.

3. The third part of the document presents the findings of the study, which show a clear correlation between the variables being investigated. The data suggests that there is a significant impact on the overall system being studied.

4. The fourth part of the document discusses the implications of the findings and offers recommendations for future research. It suggests that further studies should be conducted to explore the underlying causes of the observed phenomena.

5. The fifth part of the document provides a summary of the key points discussed throughout the report. It reiterates the importance of the research and the need for continued efforts to improve the system.

Niagara Mohawk Power Corporation
NELIA Policy NF - 161

Dear Ira:

Supplementing our recent telegram, this will confirm that NEL-PIA has bound an amendment to the site description written under NELIA policy NF - 161 issued to Niagara Mohawk Power Corporation.

The amended site definition reads as follows:

"All of the premises including the land and all buildings and structures known as the Nine Mile Point Nuclear Station (including but not limited to Units 1 and 2) a) shown as being within the heavy dashed line (xxxxx) on a reproduced portion of Stone & Webster drawing number 12177-FM-1A-3, a copy of which is attached hereto and made a part hereof and b) also including the entire intake and discharge structure. T

The Nine Mile Point Nuclear Station is located on the southeast shore of Lake Ontario approximately eight (8) miles northeast of the City of Oswego, Oswego County, New York."

It is my understanding that MAELU has agreed to a similar site change and should advise you accordingly.

Very truly yours,

John L. Quattrocchi

Regulatory Docket File

50-220

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the specific procedures for recording transactions. It details the steps involved in the accounting process, from the initial recording of a transaction to the final posting to the general ledger. It also discusses the importance of double-checking entries and maintaining a clear audit trail.

3. The third part of the document discusses the role of internal controls in ensuring the accuracy of financial records. It describes various control measures, such as segregation of duties and regular reconciliations, that help to minimize the risk of errors and fraud.

4. The final part of the document provides a summary of the key points discussed and offers some concluding thoughts on the importance of sound financial practices.

NUCLEAR ENERGY LIABILITY INSURANCE

MUTUAL ATOMIC ENERGY LIABILITY UNDERWRITERS

INCREASE OF LIMIT OF LIABILITY ENDORSEMENT (After Prior Increases)

It is agreed that:

1. The limit of liability stated in Item 4 of the declarations as amended by Increase of Liability Endorsement Numbers 18, 30 is further amended to read \$ 28,125,000. This amended limit applies with respect to obligations assumed or expenses incurred because of bodily injury or property damage caused, during the period from the effective date of this endorsement to the date of termination of the policy, by the nuclear energy hazard.

NUCLEAR ENERGY LIABILITY INSURANCE

MUTUAL ATOMIC ENERGY LIABILITY UNDERWRITERS

2. The original limit of liability stated in Item 4 of the declarations, the limit of liability stated in Increase of Limit of Liability Endorsement Numbers 18,30 and the amended limit of liability stated in paragraph 1 above shall not be cumulative, and each payment made by the companies after the effective date of this endorsement for any loss or expense covered by the policy shall reduce by the amount of such payment the limit of liability originally stated in Item 4 of the declarations, the amended limit of liability stated in the Increase of Limit of Liability Endorsement Numbers 18,30 the amended limit of liability stated in paragraph 1 above, regardless of which limit of liability applies with respect to the bodily injury or property damage out of which such loss or expense arises.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in all financial dealings.

2. The second part of the document outlines the specific procedures and protocols that must be followed when conducting financial transactions. This includes the use of standardized forms and the requirement for proper authorization and documentation.

3. The third part of the document provides a detailed overview of the various financial systems and tools that are used to manage and track transactions. It highlights the importance of using reliable and secure technology to ensure the integrity of the data.

4. The fourth part of the document discusses the role of the finance department in ensuring compliance with all applicable laws and regulations. It stresses the need for ongoing monitoring and reporting to prevent any potential legal issues.

5. The fifth part of the document concludes by reiterating the commitment to high standards of financial management and the importance of continuous improvement in all financial processes.

NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

INCREASE OF LIMIT OF LIABILITY ENDORSEMENT
(After Prior Increase)

It is agreed that:

1. The limit of liability stated in Item 4 of the declarations as amended by the Increase of Limit of Liability Endorsement(s) listed below is further amended to read \$96,875,000. This amended limit applies with respect to obligations assumed or expenses incurred because of bodily injury or property damage caused, during the period from the effective date of this endorsement to the date of termination of the policy, by the nuclear energy hazard.
2. The original limit of liability stated in Item 4 of the declarations, the limit(s) of liability stated in the Increase of Limit of Liability Endorsement (s) listed below and the amended limit of liability stated in paragraph 1 above shall not be cumulative, and each payment made by the companies after the effective date of this endorsement for any loss or expense covered by the policy shall reduce by the amount of such payment the limit of liability originally stated in Item 4 of the declarations, the amended limit(s) of liability stated in the Increase of Limit of Liability Endorsement(s) listed below and the amended limit of liability stated in paragraph 1 above, regardless of which limit of liability applies with respect to the bodily injury or property damage out of which such loss or expense arises.

INCREASE OF LIMIT OF LIABILITY ENDORSEMENT (After Prior Increase)

It is agreed that:

1. The Limit of liability stated in Item 4 of the declarations as amended by Increase of Liability Endorsement No. 18 is further amended to read \$ 24,750,000 . . This amended limit applies with respect to obligations assumed or expenses incurred because of bodily injury or property damage caused, during the period from the effective date of this endorsement to the date of termination of the policy, by the nuclear energy hazard.

Docket No. 50-220

Niagara Mohawk Power Corporation
ATTN: Mr. E. R. Inderbitzin, Supervisor
System Insurance Department
300 Erie Boulevard West
Syracuse, New York 13202

Gentlemen:

We are enclosing herewith an amendment to your indemnity agreement reflecting the amendment to 10 CFR Part 140, "Financial Protection Requirements and Indemnity Agreements," effective March 1, 1974. The amendment to Part 140, a copy of which is also enclosed, gives effect to the recent increase from \$95 million to \$110 million in available nuclear energy liability insurance provided by Nuclear Energy Liability Insurance Association and Mutual Atomic Energy Liability Underwriters.

We would appreciate your indicating your acceptance of the amendment to your indemnity agreement in the space provided and returning one signed copy. If you have any questions about the foregoing, please let us know.

Sincerely,

Jerome Saltzman, Deputy Chief
Office of Antitrust & Indemnity
Directorate of Licensing

NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

- 1) ADVANCE PREMIUM AND STANDARD PREMIUM ENDORSEMENT
- 2) CHANGES IN SUBSCRIBING COMPANIES AND IN THEIR PROPORTIONATE LIABILITY ENDORSEMENT

Calendar Year 1974

- 1a. ADVANCE PREMIUM: It is agreed that the Advance Premium due the companies for the period designated above is: \$ 225,869.16
- b. STANDARD PREMIUM AND RESERVE PREMIUM: In the absence of a change in the Advance Premium indicated above, it is agreed that, subject to the provisions of the Industry Credit Rating Plan, the Standard Premium is said Advance Premium and the Reserve Premium is: \$ 169,335.56
2. It is agreed that with respect to bodily injury or property damage caused, during the effective period of this endorsement, by the nuclear energy hazard:
- a. The word "companies" wherever used in the policy means the subscribing companies listed on the reverse side of this endorsement.
 - b. The policy shall be binding on such companies only.
 - c. Each such company shall be liable only for its proportion of any obligation assumed or expense incurred under the policy because of such bodily injury or property damage as designated on the reverse side of this endorsement.
3. It is agreed that the effective period of this endorsement is to the close of December 31st of the Calendar Year designated in the caption above, or to the time of the termination or cancelation of the policy, if sooner.

RECEIVED
APR 19 1972
INSURANCE DEPT.

It is agreed that in construing the application of paragraph 2(b) of the Waiver of Defenses Endorsement (NE-33) with respect to an extraordinary nuclear occurrence occurring at the facility, a claimant who is employed at the facility in connection with the construction of a nuclear reactor with respect to which no operating license has been issued by the Atomic Energy Commission shall not be considered as employed in connection with the activity where the extraordinary nuclear occurrence takes place if:

- (1) the claimant is employed exclusively in connection with the construction of a nuclear reactor, including all related equipment and installations at the facility, and
- (2) no operating license has been issued by the Atomic Energy Commission with respect to the nuclear reactor, and
- (3) the claimant is not employed in connection with the possession, storage, use or transfer of nuclear material at the facility.

MUTUAL ATOMIC ENERGY LIABILITY UNDERWRITERS

INCREASE OF LIMIT OF LIABILITY ENDORSEMENT (After Prior Increase)

RECEIVED

MAR 14 1972

It is agreed that:

INSURANCE DEPT.

1. The limit of liability stated in Item 4 of the declarations is amended to read \$21,375,000. This amended limit applies with respect to obligations assumed or expenses incurred because of bodily injury or property damage caused, during the period from the effective date of this endorsement to the date of termination of the policy, by the nuclear energy hazard.
2. The original limit of liability stated in Item 4 of the declarations and the amended limit of liability stated in paragraph 1 above shall not be cumulative, and each payment made by the companies after the effective date of this endorsement for any loss or expense covered by the policy shall reduce by the amount of such payment the limit of liability originally stated in Item 4 of the declarations and the amended limit of liability stated in paragraph 1 above, regardless of which limit of liability applies with respect to the bodily injury or property damage out of which such loss or expense arises.

Enclosures

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand the preferences and behaviors of potential customers. Once a need is identified, the next step is to develop a concept that addresses this need. This concept should be innovative and differentiated from existing products in the market.

2. After developing a concept, the next step is to create a prototype. This allows the development team to test the feasibility of the concept and make necessary adjustments. Prototyping can be done using various methods, including 3D printing, computer-aided design (CAD), and traditional manufacturing techniques. The prototype is used to gather feedback from potential users and stakeholders, which informs the next stages of development.

3. Once a prototype is ready, the next step is to conduct a pilot test. This involves producing a small batch of the product and distributing it to a select group of users. The purpose of the pilot test is to evaluate the product's performance in a real-world setting and identify any issues or areas for improvement. Feedback from the pilot test is crucial for refining the product before full-scale production.

4. Following the pilot test, the next step is to scale up production. This involves setting up a manufacturing process that can produce the product at a larger scale while maintaining quality and consistency. This step often requires significant investment in equipment, facilities, and personnel. Once production is scaled up, the product can be distributed to a wider market.

5. The final step in the process is to launch the product and monitor its performance in the market. This involves implementing a marketing strategy to promote the product and attract customers. After launch, it is important to continue monitoring the product's performance and gather feedback from customers to make any necessary improvements or updates. The product lifecycle is an ongoing process, and continuous innovation is key to long-term success.

NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

SUPPLEMENTARY ENDORSEMENT
WAIVER OF DEFENSES
REACTOR CONSTRUCTION AT THE FACILITY

It is agreed that in construing the application of paragraph 2(b) of the Waiver of Defenses Endorsement (NE-33) with respect to an extraordinary nuclear occurrence occurring at the facility, a claimant who is employed at the facility in connection with the construction of a nuclear reactor with respect to which no operating license has been issued by the Atomic Energy Commission shall not be considered as employed in connection with the activity where the extraordinary nuclear occurrence takes place if:

- (1) the claimant is employed exclusively in connection with the construction of a nuclear reactor, including all related equipment and installations at the facility, and
- (2) no operating license has been issued by the Atomic Energy Commission with respect to the nuclear reactor, and
- (3) the claimant is not employed in connection with the possession, storage, use or transfer of nuclear material at the facility.

This is to certify that this Endorsement No. 25 is a true copy of the original Endorsement No. 25 made a part of Nuclear Energy Liability Policy (Facility Form) No. NF-161. No insurance is afforded hereunder.

Effective Date of this Endorsement December 14th, 1971 To form a part of Policy No. NF-161

Re: Docket No. 50-220

Dear Mr. Price:

Regulatory File 571

As per your letter of June 8, 1970, we once again enclose copies of Endorsements #10, #11, #12 and #13 to NELIA Policy No. NF-161. The numbers of the latest endorsements to both the NELIA and MAELU policies are correct as stated in this letter.

Any further endorsements will be forwarded to you.

Very truly yours,

E. R. Inderbitzin, Supervisor
System Insurance Department

Nuclear Energy Liability Insurance

NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

CHANGES IN SUBSCRIBING COMPANIES
AND IN THEIR PROPORTIONATE LIABILITY ENDORSEMENT

It is agreed that with respect to bodily injury or property damage caused, during the effective period of this endorsement, by the nuclear energy hazard:

1. The word "companies" wherever used in the policy means the subscribing companies listed below.
2. The policy shall be binding on such companies only.
3. Each such company shall be liable only for its below-designated proportion of any obligation assumed or expense incurred under the policy because of such bodily injury or property damage.
4. The effective period of this endorsement is from the beginning of January 1, 1969, to the close of December 31, 1969, or to the time of the termination or cancelation of the policy, if sooner.

Subscribing Companies

Charles T. Bollman

STUART H. BRYANT

Endorsement No. 11 Charles T. Bollman, Underwriting Manager,
Nuclear Energy Liability Insurance Association

NUCLEAR ENERGY LIABILITY INSURANCE ASSOCIATION

Waiver of Defenses Endorsement
(Extraordinary Nuclear Occurrence)
(FACILITY FORM)

The named insured, acting for himself and every other insured under the policy, and the members of Nuclear Energy Liability Insurance Association agree as follows:

1. With respect to any extraordinary nuclear occurrence to which the policy applies as proof of financial protection and which

(a) Arises out of or results from or occurs in the course of the construction, possession, or operation of the facility, or

(b) Arises out of or results from or occurs in the course of the transportation of nuclear material to or from the facility,

the insureds and the companies agree to waive

(1) any issue or defense as to the conduct of the claimant or the fault of the insureds, including, but not limited to:

- (i) negligence,
- (ii) contributory negligence,
- (iii) assumption of risk, and
- (iv) unforeseeable intervening causes, whether involving the conduct of a third person, or an act of God,

(2) any issue or defense as to charitable or governmental immunity, and

(3) any issue or defense based on any statute of limitations if suit is instituted within three years from the date on which the claimant first knew, or reasonably could have known, of his bodily injury or property damage and the cause thereof, but in no event more than ten years after the date of the nuclear incident.

The waiver of any such issue or defense shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action.

2. The waivers set forth in paragraph 1. above do not apply to

(a) Bodily injury or property damage which is intentionally sustained by the claimant or which results from a nuclear incident intentionally and wrongfully caused by the claimant;

(b) Bodily injury sustained by any claimant who is employed at the site of and in connection with the activity where the extraordinary nuclear occurrence takes place if benefits therefor are either payable or required to be provided under any workmen's compensation or occupational disease law;

(over)

RECEIVED
JAN 20 1969
INSURANCE DEPT.

(c) Any claim for punitive or exemplary damages, provided, with respect to any claim for wrongful death under any State law which provides for damages only punitive in nature, this exclusion does not apply to the extent that the claimant has sustained actual damages, measured by the pecuniary injuries resulting from such death but not to exceed the maximum amount otherwise recoverable under such law.

3. The waivers set forth in paragraph 1. above shall be effective only with respect to bodily injury or property damage to which the policy applies under its terms other than this endorsement.

Such waivers shall not apply to, or prejudice the prosecution or defense of any claim or portion of claim which is not within the protection afforded under

(1) The provisions of the policy applicable to the financial protection required of the named insured,

(2) The agreement of indemnification between the named insured and the Atomic Energy Commission made pursuant to section 170 of the Atomic Energy Act of 1954, as amended, and

(3) The limit of liability provisions of subsection 170 e. of the Atomic Energy Act of 1954, as amended.

Such waivers shall not preclude a defense based upon the failure of the claimant to take reasonable steps to mitigate damages.

4. Subject to all of the limitations stated in this endorsement and in the Atomic Energy Act of 1954, as amended, the waivers set forth in paragraph 1. above shall be judicially enforceable in accordance with their terms against any insured in an action to recover damages because of bodily injury or property damage to which the policy applies as proof of financial protection.

5. As used herein:

"Extraordinary nuclear occurrence" means an event which the Atomic Energy Commission has determined to be an extraordinary nuclear occurrence as defined in the Atomic Energy Act of 1954, as amended.

"Financial protection" and "nuclear incident" have the meanings given them in the Atomic Energy Act of 1954, as amended.

"Claimant" means the person or organization actually sustaining the bodily injury or property damage and also includes his assignees, legal representatives and other persons or organizations entitled to bring an action for damages on account of such injury or damage.

Attention: Mr. R. E. Eells
Supervisor, System Insurance Dept.

Gentlemen:

In order to aid us in keeping current on the proof of financial protection required by your license, we request that we be sent copies of all endorsements, if any, to your current policy that you have not already submitted. The last endorsement that we have received is noted below. It is our understanding that the nuclear energy liability insurance pools have sent to licensees the advance premium endorsements for Calendar Year 1970. We would appreciate receiving copies of this and any subsequent endorsements for your organization as soon as possible after they are issued.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script, reading "Eber R. Price".

NUCLEAR ENERGY LIABILITY INSURANCE

MUTUAL ATOMIC ENERGY LIABILITY UNDERWRITERS

AMENDATORY ENDORSEMENT NUCLEAR ENERGY LIABILITY POLICY (FACILITY FORM)

It is agreed that:

I. The first sentence of the definition of nuclear facility is amended to read:

"nuclear facility" means "the facility" as defined in any Nuclear Energy Liability Policy (Facility Form) issued by Mutual Atomic Energy Liability Underwriters or by Nuclear Energy Liability Insurance Association;

II. The definition of "indemnified nuclear facility" is replaced by the following:

"indemnified nuclear facility" means

(1) "the facility" as defined in any Nuclear Energy Liability Policy (Facility Form) issued by Mutual Atomic Energy Liability Underwriters or by Nuclear Energy Liability Insurance Association, or

(2) any other nuclear facility,

if financial protection is required pursuant to the Atomic Energy Act of 1954, or any law amendatory thereof, with respect to any activities or operations conducted thereat;

III. Condition 4 is replaced by the following:

LIMITATION OF LIABILITY: COMMON OCCURRENCE Any occurrence or series of occurrences resulting in bodily injury or property damage arising out of the radioactive, toxic, explosive or other hazardous properties of

- (a) nuclear material discharged or dispersed from the facility over a period of days, weeks, months or longer and also arising out of such properties of other nuclear material so discharged or dispersed from one or more other nuclear facilities insured under any Nuclear Energy Liability Policy (Facility Form) issued by Mutual Atomic Energy Liability Underwriters, or
- (b) source material, special nuclear material, spent fuel or waste in the course of transportation for which insurance is afforded under this policy and also arising out of such properties of other source material, special nuclear material, spent fuel or waste in the course of transportation for which insurance is afforded under one or more other Nuclear Energy Liability Policies (Facility Form) issued by Mutual Atomic Energy Liability Underwriters,

shall be deemed to be a common occurrence resulting in bodily injury or property damage caused by the nuclear energy hazard.

With respect to such bodily injury and property damage (1) the total aggregate liability of the members of Mutual Atomic Energy Liability Underwriters under all Nuclear Energy Liability Policies (Facility Form), including this policy, applicable to such common occurrence shall be the sum of the limits of liability of all such policies, the limit of liability of each such policy being as determined by Condition 3 thereof, but in no event shall such total aggregate liability of such members exceed \$13,500,000; (2) the total liability of the companies under this policy shall not exceed that proportion of the total aggregate liability of the members of Mutual Atomic Energy Liability Underwriters, as stated in clause (1) above, which (a) the limit of liability of this policy, as determined by Condition 3, bears to (b) the sum of the limits of liability of all such policies issued by such members, the limit of liability of each such policy being as determined by Condition 3 thereof.

The provisions of this condition shall not operate to increase the limit of the companies' liability under this policy.

IV: The second paragraph of Condition 12 "Other Insurance" is amended to read:

"If the insured has other valid and collectible insurance (other than such concurrent insurance or any other nuclear energy liability insurance issued by Mutual Atomic Energy Liability Underwriters or Nuclear Energy Liability Insurance Association to any person or organization) applicable to loss or expense covered by this policy, the insurance afforded by this policy shall be excess insurance over such other insurance; provided, with respect to any person who is not employed at and in connection with the facility, such insurance as is afforded by this policy for bodily injury to an employee of the insured arising out of and in the course of his employment shall be primary insurance under such other insurance."

NUCLEAR ENERGY LIABILITY INSURANCE

MUTUAL ATOMIC ENERGY LIABILITY UNDERWRITERS

INDUSTRY CREDIT RATING PLAN

PREMIUM ENDORSEMENT

It is agreed that Condition 1 of the policy is replaced by the following:

CONDITION 1. PREMIUM

(1) Definitions: With reference to the premium for this policy:

"advance premium", for any calendar year, is the estimated standard premium for that calendar year;

"standard premium", for any calendar year, is the premium for that calendar year computed in accordance with the companies' rules, rates, rating plans (other than the Industry Credit Rating Plan), premiums and minimum premiums applicable to this insurance;

"reserve premium" means that portion of the standard premium paid to the companies and specifically allocated under the Industry Credit Rating Plan for incurred losses. The amount of the "reserve premium" for this policy for any calendar year during which this policy is in force is the amount designated as such in the Standard Premium Endorsement for that calendar year;

"industry reserve premium", for any calendar year, is the sum of the reserve premiums for that calendar year for all Nuclear Energy Liability Policies issued by Nuclear Energy Liability Insurance Association and Mutual Atomic Energy Liability Underwriters and subject to the Industry Credit Rating Plan;

"policy refund ratio", for any calendar year, is the ratio of the named insured's reserve premium for that calendar year to the industry reserve premium for that calendar year;

"incurred losses" means the sum of:

- (1) all losses and expenses paid by Nuclear Energy Liability Insurance Association and Mutual Atomic Energy Liability Underwriters, and
- (2) all reserves for unpaid losses and Expenses as estimated by Nuclear Energy Liability Insurance Association and Mutual Atomic Energy Liability Underwriters

INDUSTRY CREDIT RATING PLAN
PREMIUM ENDORSEMENT (Cont.)

Because of obligations assumed and the expenses incurred in connection with such obligations by members of Nuclear Energy Liability Insurance Association and Mutual Atomic Energy Liability Underwriters under all Nuclear Energy Liability Policies issued by Nuclear Energy Liability Insurance Association and Mutual Atomic Energy Liability Underwriters and subject to the Industry Credit Rating Plan;

"reserve for refunds", at the end of any calendar year, is the amount by which (1) the sum of all industry reserve premiums for the period from January 1, 1957 through the end of such calendar year exceeds (2) the total for the same period of (a) all incurred losses, valued as of the next following July 1, and (b) all reserve premium refunds made under the Industry Credit Rating Plan by members of Nuclear Energy Liability Insurance Association and Mutual Atomic Energy Liability Underwriters;

"industry reserve premium refund", for any calendar year, is determined by multiplying the reserve for refunds at the end of the ninth calendar thereafter by the ratio of the industry reserve premium for the calendar year for which the premium refund is being determined to the sum of such amount and the total industry reserve premiums for the next nine calendar years thereafter, provided that the industry reserve premium refund for any calendar year shall in no event be greater than the industry reserve premium for such calendar year.

- (2) Payment of Advance and Standard Premiums. The named insured shall pay the companies the advance premium stated in the declarations, for the period from the effective date of this policy through December 31 following. Thereafter, at the beginning of each calendar year while this policy is in force, the named insured shall pay the advance premium for such year to the companies. The advance premium for each calendar year shall be stated in the Advance Premium Endorsement for such calendar year issued to the named insured as soon as practicable prior to or after the beginning of such year.

As soon as practicable after each December 31 and after the termination of this policy, the standard premium for the preceding calendar year shall be finally determined and stated in the Standard Premium Endorsement for that calendar year. If the standard premium so determined exceeds the advance premium previously paid for such calendar year, the named insured shall pay the excess to the companies; if less, the companies shall return to the named insured the excess portion paid by such insured.

The named insured shall maintain records of the information necessary for premium computation and shall send copies of such records to the companies as directed, at the end of each calendar year, at the end of the policy period and at such other times during the policy period as the companies may direct.

**INDUSTRY CREDIT RATING PLAN
PREMIUM ENDORSEMENT (Cont.)**

- (3) Use of Reserve Premiums. All reserve premiums paid or payable for this policy may be used by the members of Mutual Atomic Energy Liability Underwriters to discharge their obligations with respect to incurred losses whether such losses are incurred under this policy or under any other policy issued by Nuclear Energy Liability Insurance Association or Mutual Atomic Energy Liability Underwriters.
- (4) Reserve Premium Refunds. A portion of the reserve premium for this policy for the first calendar year of any group of ten consecutive calendar years shall be returnable to the named insured provided there is a reserve for refunds at the end of the tenth calendar year.
- (5) Computation of Reserve Premium Refunds. The reserve premium refund due the named insured for any calendar year shall be determined by multiplying any industry reserve premium refund for such calendar year by the policy refund ratio for such calendar year. The reserve premium refund for any calendar year shall be finally determined as soon as practicable after July 1 of the tenth calendar year thereafter.
- (6) Final Premium. The final premium for this policy shall be the sum of the standard premiums for each calendar year, or portion thereof, during which this policy remains in force less the sum of all refunds of reserve premiums due the named insured under the provisions of this Condition 1.
- (7) Reserve Premium Refund Agreement. Each member of Mutual Atomic Energy Liability Underwriters subscribing this policy for any calendar year, or portion thereof, thereby agrees for itself, severally and not jointly, and in the respective proportion of its liability assumed under this policy for that calendar year, to return to the named insured that portion of any reserve premium refund due the named insured for that calendar year, determined in accordance with the provisions of this Condition 1.

NUCLEAR ENERGY LIABILITY INSURANCE

MUTUAL ATOMIC ENERGY LIABILITY UNDERWRITERS

Waiver of Defenses Endorsement (Extraordinary Nuclear Occurrence) (FACILITY FORM)

The named insured, acting for himself and every other insured under the policy, and the members of Mutual Atomic Energy Liability Underwriters agree as follows:

1. With respect to any extraordinary nuclear occurrence to which the policy applies as proof of financial protection and which

- (a) Arises out of or results from or occurs in the course of the construction, possession, or operation of the facility, or
- (b) Arises out of or results from or occurs in the course of the transportation of nuclear material to or from the facility,

the insureds and the companies agree to waive

- (1) any issue or defense as to the conduct of the claimant or the fault of the insureds, including, but not limited to:

- (i) negligence,
- (ii) contributory negligence,
- (iii) assumption of risk, and
- (iv) unforeseeable intervening causes, whether involving the conduct of a third person, or an act of God,

- (2) any issue or defense as to charitable or governmental immunity, and

- (3) any issue or defense based on any statute of limitations if suit is instituted within three years from the date on which the claimant first knew, or reasonably could have known, of his bodily injury or property damage and the cause thereof, but in no event more than ten years after the date of the nuclear incident.

The waiver of any such issue or defense shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action.

2. The waivers set forth in paragraph 1. above do not apply to

- (a) Bodily injury or property damage which is intentionally sustained by the claimant or which results from a nuclear incident intentionally and wrongfully caused by the claimant;
- (b) Bodily injury sustained by any claimant who is employed at the site of and in connection with the activity where the extraordinary nuclear occurrence takes place if benefits therefor are either payable or required to be provided under any workmen's compensation or occupational disease law;

Waiver of Defenses Endorsement - continued

(Page 2)

- (c) Any claim for punitive or exemplary damages, provided, with respect to any claim for wrongful death under any State law which provides for damages only punitive in nature, this exclusion does not apply to the extent that the claimant has sustained actual damages, measured by the pecuniary injuries resulting from such death but not to exceed the maximum amount otherwise recoverable under such law.
3. The waivers set forth in paragraph 1. above shall be effective with respect to bodily injury or property damage to which the policy applies under its terms other than this endorsement.

Such waivers shall not apply to, or prejudice the prosecution or defense of any claim or portion of claim which is not within the protection afforded under

- (1) The provisions of the policy applicable to the financial protection required of the named insured,
- (2) The agreement of indemnification between the named insured and the Atomic Energy Commission made pursuant to section 170 of the Atomic Energy Act of 1954, as amended, and
- (3) The limit of liability provisions of subsection 170 e. of the Atomic Energy Act of 1954, as amended.

Such waivers shall not preclude a defense based upon the failure of the claimant to take reasonable steps to mitigate damages.

4. Subject to all of the limitations stated in this endorsement and in the Atomic Energy Act of 1954, as amended, the waivers set forth in paragraph 1. above shall be judicially enforceable in accordance with their terms against any insured in an action to recover damages because of bodily injury or property damage to which the policy applies as proof of financial protection.
5. As used herein:
- "Extraordinary nuclear occurrence" means an event which the Atomic Energy Commission has determined to be an extraordinary nuclear occurrence as defined in the Atomic Energy Act of 1954, as amended.

(Continued. . . .)

Waiver of Defenses Endorsement - continued

(Page 3)

5. (continued)

"Financial protection" and "nuclear incident" have the meanings given them in the Atomic Energy Act of 1954, as amended.

"Claimant" means the person or organization actually sustaining the bodily injury or property damage and also includes his assignees, legal representatives and other persons or organizations entitled to bring an action for damages on account of such injury or damage.

Received w/Ltr. Dated 9-3-69INCREASE OF LIMIT OF LIABILITY ENDORSEMENT

It is agreed that:

1. The limit of liability stated in Item 4 of the declarations of the policy is amended to read \$63,550,000.

This amended limit applies with respect to obligations assumed or expenses incurred because of bodily injury or property damage caused, during the period from the effective date of this endorsement to the date of termination of the policy, by the nuclear energy hazard.

2. The limit of liability stated in Item 4 of the declarations and the amended limit of liability stated in paragraph 1 above shall not be cumulative, and each payment made by the companies after the effective date of this endorsement for any loss or expense covered by the policy shall reduce by the amount of such payment both the limit of liability stated in Item 4 of the declarations and the amended limit of liability stated in paragraph 1 above, regardless of which limit of liability applies with respect to the bodily injury or property damage out of which such loss or expenses arises.

This is to certify that this Endorsement No. 17 is a true copy of the original Endorsement No. 17 made a part of Nuclear Energy Liability Policy (Facility Form) No. NF-161. No insurance is afforded hereunder.]

Dear Mr. Saltzman:

In accordance with our discussion earlier today, I am sending you herewith a copy of the current description of the location of the Nine Mile Point nuclear facility as set forth in Niagara Mohawk Power Corporation's NELIA insurance policy, together with a copy of the map of the location to which reference is made in the description.

Niagara Mohawk desires that this same "location" be covered by its Indemnity Agreement with the Government.

Please call me if the enclosed material fails in any way to meet your needs.

Sincerely,

John A. Lodge

CHANGES IN SUBSCRIBING COMPANIES
AND IN THEIR PROPORTIONATE LIABILITY ENDORSEMENT

It is agreed that with respect to bodily injury or property damage caused, during the effective period of this endorsement, by the nuclear energy hazard:

1. The word "companies" wherever used in the policy means the subscribing companies listed below.
2. The policy shall be binding on such companies only.
3. Each such company shall be liable only for its below-designated proportion of any obligation assumed or expense incurred under the policy because of such bodily injury or property damage.
4. The effective period of this endorsement is from the beginning of January 1, 1968, to the close of December 31, 1968, or to the time of the termination or cancelation of the policy, if sooner.
