SHEARON HARRIS NUCLEAR POWER PLANT
DOCKET NO. 50-400/LICENSE NO. NPF-63
CHANGE TO EMERGENCY PLAN (REVISION 28)

Dear Sir or Madam:

In accordance with 10 CFR 50, Appendix E, Carolina Power & Light Company hereby transmits one copy of Revision 28 to the Shearon Harris Nuclear Power Plant Emergency Plan (PLP-201). This revision replaces all pages of the previous revision.

The changes contained in Revision 28 to the Emergency Plan are clerical/grammatical. An explanation/basis for each change are as follows:

1. Page 43, Figure 2.2-1, is an organization chart for the Harris Plant On-Site Emergency Response Organization. The upper left section contains positions that are staffed in the Main Control Room. The position of "Emergency Communicator - Control Room" contained a typographical error. "Emergency" was spelled "Emergnecy".
2. Page 78, Figure 4.1-1, Emergency Action Level Flow Path, Side 1, was changed from "(Rev. 96-1)" to "(Rev. 96-2)" as a clerical change.
3. Page 79, Figure 4.1-2, Emergency Action Level Flow Path, Side 2, was changed from "(Rev. 96-1)" to "(Rev. 96-2)" as a clerical change.
4. Emergency Actions Level Flow Path, Side 2, location A-3, contained a typographical error that read "Perform Dose Projection per PEP-343". This should have read "Perform Dose Projection per PEP-340".
5. Change No. 4 noted above caused the revision number in the lower right hand corner of the Emergency Actions Level Flow Path, Side 1 and Side 2 to be changed from "Revision 96-1" to "Revision 96-2" as a clerical change.

Each of these changes has been evaluated by the plant staff as not decreasing the effectiveness of the Emergency Plan and have been implemented per 10 CFR 50.54(q).
