Dear Mr. Jones:

Subject: Review of Carolina Power and Light Company's Quality Assurance
Organizational Charts and Exception to ANSI N45.2.2 for Shearon
Harris Nuclear Plant, Unit Nos. 1, 2, 3 and 4 PSAR

We have reviewed and evaluated the information submitted by Carolina Power and Light Company for Shearon Harris Nuclear Plant, Unit Nos. 1, 2, 3 and 4 in your letters from M. A. McDuffie to H. R. Denton dated September 19, 1980 and November 10, 1980. These letters concern quality assurance organizational changes and an exception to ANSI N45.2.2 1972. As a result of our review and evaluations of this information, we conclude that these changes do not effect our prior determination regarding the acceptability of your quality assurance program. We, therefore, find the quality - related changes acceptable for the design and construction phase of the Shearon Harris Nuclear Power Plant, Unit Nos. 1, 2, 3 and 4.

Sincerely,

Original signed by:
