Date: Thursday, January 18, 2018 2:41:24 PM

Nishka,

Meeting has to take place on Feb. 8 because of their travel plans...Could you please set it up?
and post the meeting notice.

Agenda is below.

Thanks

Pierre

Versa-Pac pre-application Agenda:

- Addition of content types
 - UF6 1s and 2s cylinders (criticality and thermal review)
 - reduced enrichment loading level (criticality review)
 - air transport configuration (criticality review)
- Increase in payload weight
 - drop testing results (structural/mechanical review)
- Overview of SAR Rev 10 revisions

Thanks for the working the meeting out.
