Submitter Information

Name: Maria Magdalena Jimenez

General Comment

I was born in California 57 years ago. I remember when there was no pollution and the sky was so blue. This will be considered a crime against humanity if it goes through. People's lives are at stake! There are plenty of other places on Earth not by any ocean sorce to dump this archaic shit we shouldn't even be using.

Please keep America beautiful and Protect Mother Earth.. Thank you.
