NRC-001	Francis Akstulewicz	SECY-16-0136, Staff Statement in Support of the Uncontested Hearing for Issuance of Combined Licenses for Turkey Point Units 6 and 7 (December 2, 2016) ADAMS Accession No. ML16237A433.
NRC-002	Francis Akstulewicz	Draft Combined License for Turkey Point Unit 6 (December 5, 2017) ML17320A640.
NRC-003	Francis Akstulewicz	Draft Combined License for Turkey Point Unit 7 (December 5, 2017) ML17320A648.
NRC-004	Francis Akstulewicz	Draft Summary Record of Decision for Turkey Point, Units 6 and 7 (December 2, 2016) ADAMS Accession No. ML16312A403.
NRC-005-R <sup>1</sup>	Francis Akstulewicz & Jennifer Dixon-Herrity	NRC Staff Responses to Commission Prehearing Questions (November 3, 2017) ADAMS Accession No. ML17338A728.

<sup>1</sup> Exhibit NRC-005-R includes the corrections stated in footnote 1 to the NRC Staff Exhibit List dated January 9, 2018. That footnote states:

In its response to Prehearing Question number 5, Staff states, "...sustained winds of 175-185 mph documented during the Category 3 storms in 2005...." The response should say "...sustained winds of 175-185 mph documented during the three Category 5 storms in 2005..." (emphasis added). Exhibit NRC-005 has been updated to reflect this correction.

Further, Staff's response to Prehearing Question number 55 states that "...the discussion of environmental impacts in the draft Record of Decision is referring to cumulative impacts." This statement was made in error. Exhibit NRC-005 has therefore been updated to read as follows: "The discussion of environmental impacts in the draft Record of Decision on page 5 is referring to the potential impacts from constructing and operating the proposed Turkey Point Units 6 and 7. These construction and operational impacts, in the vicinity of the Turkey Point site, include the impacts as a result of preconstruction and NRC licensed activities."
