Reference: NRC License SUB 1536, Docket No. 040-08994

Dear Ms. Sara Forster:

Per the conversation on January 22, 2018 between yourself and the POC listed below, the only remaining item to issue the renewal of the referenced NRC license, is appointing orders for the Radiation Safety Officer (RSO) listed on the renewal license application. The request was for receipt of the appointing orders by January 29, 2018 and if the date wasn't possible, then a letter indicating that the appointment orders would be sent within 30 days.

There are appointing orders, but they are being updated and the orders will be signed off by Army TACOM leadership. Therefore, we are giving notice that the appointing orders will be sent to your organization within 30 days.

We hope this letter meets your requirements. If you have any further questions, please direct your responses to Ms. Karen L. McGuire, TACOM Radiation Safety Program Manager at 586-282-7635.

Sincerely,

PATRICK J. KELLEY
Director, Safety Engineering Office
TACOM
Materiel Systems Organization

Great! Let's talk at 1330 central (1430 eastern). I will call you. Please let me know the number you would like me to call.

Thank you for the quick reply.

Sincerely,

Sara Forster
U.S. NRC

Ms. Forster,

Hi! I am available all day on Monday, 22 Jan. Anytime after 0900 eastern time. I will be here regardless if the government is shut down, due to our NRC licenses. Just let me know when it is a good time for you. Do you want to call me or do I call you?

Thanks,
Karen

Dear Ms. McGuire:

I have reviewed your July 31, 2017 application for the renewal of the above-referenced radioactive materials license. Will you be available on Monday, January 22, 2018 for a phone conversation? I am available anytime between 10 am and 3 pm central time, to discuss the application with you. This is regardless of a government shutdown, as we expect that the NRC to be open through the end of next week, at a minimum, even if a budget or CR is not completed today.

Please let me know your availability for next week. I look forward to

speaking with you soon.

Sincerely yours,

Sara A. Forster, Health Physicist Licensing Reviewer
