Good morning,

I am requesting all 'incidents and lost sources' notifications to NRC from sealed source licensees within the oil and gas industry for Jan 1, 2000-present.

The reports I am referring to are referenced here: <https://www.nrc.gov/reading-rm/doc-collections/cfr/part039/part039-0077.html>

To help clarify, if helpful, I am seeking a reasonably comprehensive understanding of the numbers, details and circumstances of sealed source losses, ruptures and abandonments in the drilling industry over this time period.

I am a journalist and the information would be published to the public for the public interest. I would request a fee waiver.

Many thanks, and let me know if I can provide additional information to help as you process this request.

All best

Rich
