Docket Nos. 50-387
50-388

Dear Mr. Schwencer:

PP&L will commit to performing a fire test of the 1 hour TSI inc. fire barrier material. The test will be conducted using the Commanche Peak test procedure. The TSI inc. material will be installed according to the Susquehanna SES procedures which were sent to the NRC on May 13, 1982(PLA-1094).

We will perform the test on an accelerated schedule and intend to complete the test prior to going above 5% power.

Very Truly yours,

N. W. Curtis
Vice President-Engineering & Construction-Nuclear

DPM
