The NRC staff names that are underlined are being nominated to their respective committees. Attachment 1 to this enclosure contains their nomination documentation.

The NRC staff names that are **bolded** are already the primary NRC member on their committees. Since they are already participating, Attachment 1 does not contain any new nomination documentation for these staff. These staff should remain as the primary NRC member on their committees.

******Alexander Tsirigotis should be listed as the new alternate for both Special Working Group on Industry Experience for New Plants (BPV III & BPV XI) and Working Group Analysis Methods (SG-ETD)(BPV III). Since he is already the primary member of Working Group on Supports (SG-CD)(BPV III), new nomination documentation is not attached.

*******Tuan Le should be listed as the new primary member for Subgroup on Elevated Temperature Design (SC-D)(BPV III). Since he is already the primary member of several other working groups, new nomination documentation is not attached.

********Amy Hull is currently listed as the primary member for Subgroup on Elevated Temperature Design (SC-D)(BPV III). For this committee, Tuan Le should be the new primary member and Amy Hull should be the alternate member.
