We have received your letter dated January 19, 2018, transmitting a summary of facility changes made since January 1, 2017 (ML18024A479). We have completed an acceptance review and have identified no major deficiencies. In accordance with the Staff Requirements Memorandum for SECY-16-0009, "Recommendations Resulting from the Integrated Prioritization and Re-Baselining of Agency Activities" (ML16104A158), licensing staff will no longer perform a detailed review of such documents.

Therefore, no cost activity code has been assigned to this action. A detailed review may be performed by inspection staff in the future.
