Office of Nuclear Material Safety and Safeguards
ATTN: Document Control Desk
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Subject: Request for new NRC Docket for Model No. HI-STAR 100MB Package

Reference: “Pre-Application Meeting for the Model No. HI-STAR 100 package” January 23, 2018.

Dear Mr. Saverot,

Holtec is pleased to inform you that we have completed the design of the HI-STAR 100MB package, and will make a license application to the United States Nuclear Regulatory Commission (USNRC) under the provisions of 10 CFR 71 by end of February 2018.

During the pre-submittal meeting [1], Holtec informed NRC that the HI-STAR 100MB system would be added to the HI-STAR 100 docket (71-9261). Holtec hereby request that NRC open a new docket for the HI-STAR 100MB.

If you have any questions, please contact me at (856)-797-0900 ext. 3844.

Sincerely,

A handwritten signature in black ink, appearing to read "Royston Ngwayah", written in a cursive style.

Royston Ngwayah
Licensing Engineer
Holtec International
