Doug,

This is a follow up to the phone message that I left you on missing the sampling of two trend wells in Mine Unit J. Below is a copy of the email to the State of Wyoming. I am sending you this email to meet License Condition 12.1 of our Source Material License.

Please let me know if you have any questions.

Thanks,

Larry

Subject: Courtesy Email - Missed samples in Mine Unit J

Chad,

As I mentioned when we talked this morning, there were two monitor wells in Mine Unit J, JMT-001 and JMT-002 that were not sampled twice in January. They are being sampled today (Feb 1, 2018) so there will be 3 samples in February. Though this is not technically a missed sample, simply delayed, our permit still requires written notification.

Just wanted to let you know that notification will be coming in the mail next week and will provide more details.

Thanks,

Victoria Gitthens
