SUBJECT: AFFIDAVIT

Dear Mr. Richard and U.S Nuclear Regulatory Commission,

I, Leonardo Day CEO and the Radiation Safety Officer of Grower's Choice on this day January 22nd 2018 am providing this affidavit in regards to the withholding, of the proprietary information in the E-distribution application. This affidavit is to inform you, that I will be withholding the confidential information regarding our product(s) at Grower's Choice. The withheld information pertains to the specifics of our product, as well as the details of our product(s) test results and product construction drawings. I will be withholding this information to protect my business from the public as the reasons listed below.

First, Our company have spent large amounts of money and effort on getting this material information from the manufacturer and professional bulbs testing company.

Second, we have done this to protect my brand, as well as my hard work and dedication from being copied; then re-branded by theives.

Finally, basic on the special made of the light bulb, our product is leading the industry standard level. It is better for to withheld this information to protect our competition position.

The information I am submitting is to stay confidential after it has been received. The information I am withholding, is customarily treated as such & will continue to be.

I understand that this information is subject to verification by the State of California. I
certify that the information I have presented in this letter is true & correct to the best of my
knowledge & belief.

Sincerely,

-Leonardo Day
