Mr. Harold R. Denton
Director, Office of Nuclear
Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

In the Matter of
Niagara Mohawk Power Corporation
Nine Mile Point Nuclear Station Unit 2
Docket No. 50-410

Dear Mr. Denton:

Niagara Mohawk Power Corporation hereby tenders its application for an operating license for Nine Mile Point Nuclear Station Unit 2 in accordance with 10CFR2.101(a)(2), 10CFR50.30(c)(2), 10CFR73.55 and 10CFR2.790. This submittal consists of the following:

- | | |
|---|----------------------------|
| 1. <u>License Application</u> (General Information and Affidavit) - | 10 copies
(3 originals) |
| 2. Final Safety Analysis Report - | 15 sets |
| 3. Environmental Report - | 20 sets |
| 4. Physical Security Plan - | 6 copies |
| 5. Certain figures from FSAR Section 6A - | 6 sets |

Items 4 and 5 are materials for which proprietary status is being requested. These are being transmitted separately. The Physical Security Plan includes the Safeguards Contingency Plan. The Guard Training and Qualification Plan is the same as Nine Mile Point Unit 1 and has been approved by the NRC, but not submitted with this tendering.

Very truly yours,

C. V. Mangan

IN THE MATTER OF
NIAGARA MOHAWK POWER CORPORATION
ROCHESTER & GAS ELECTRIC CORPORATION
CENTRAL HUDSON GAS & ELECTRIC CORPORATION
NEW YORK STATE ELECTRIC & GAS CORPORATION
LONG ISLAND LIGHTING COMPANY

APPLICATION FOR AN OPERATING LICENSE
UNDER THE ATOMIC ENERGY ACT OF 1954
AS AMENDED

FOR
NINE MILE POINT NUCLEAR STATION
UNIT 2

BEFORE THE
UNITED STATES
NUCLEAR REGULATORY COMMISSION
DOCKET NO. 50-410

IN THE MATTER OF
NIAGARA MOHAWK POWER CORPORATION
ROCHESTER & GAS ELECTRIC CORPORATION
CENTRAL HUDSON GAS & ELECTRIC CORPORATION
NEW YORK STATE ELECTRIC & GAS CORPORATION
LONG ISLAND LIGHTING COMPANY

APPLICATION FOR AN OPERATING LICENSE

On June 24, 1974, the Nuclear Regulatory Commission (NRC) issued Construction Permit No. CPPR-112 to Niagara Mohawk Power Corporation (Niagara Mohawk) for the Nine Mile Point Nuclear Station Unit 2. On October 27, 1978, the NRC amended Construction Permit CPPR-112 to permit the acquisition of ownership interest in Unit 2 of the Nine Mile Point Nuclear Station by Rochester Gas & Electric Corporation, Central Hudson Gas & Electric Corporation, New York State Electric & Gas Corporation and Long Island Lighting Company. In accordance with the Atomic Energy Act of 1954, as amended, and the rules and regulations issued thereunder in Title 10, Code of Federal Regulations, Niagara Mohawk Power Corporation, on its own behalf and on behalf of Rochester Gas & Electric Corporation, Central Hudson Gas & Electric Corporation, New York State Electric & Gas Corporation and Long Island Lighting Company, as their interests as hereinafter set forth (Applicants), hereby make application for a forty year Class 103 license as measured from its date of issuance to operate a nuclear electric generating unit to be located on Applicant's 900 acre Nine Mile Point site on the southeast shore of Lake Ontario, in the town of Scriba, Oswego County, New York. The facility will be known as "Nine Mile Point Nuclear Station Unit 2". Niagara Mohawk Power Corporation also applies for appropriate source, special nuclear and by-product materials and other appropriate licenses for the project for a term consistent with related Class 103 operating license. Niagara Mohawk retains exclusive responsibility for the licensing, design, procurement, operation, maintenance and all related functions with respect to the facility and will act as agent for all owners in connection with all aspects of NRC licensing and regulation. A description of the facility is contained in the Final Safety Analysis Report (FSAR) and Environmental Report - Operating License Stage (EROL), submitted herewith.

This application consists of (a) the general information required by 10CFR Section 50.33, which is set out herein; (b) the technical information and safety analysis report required by 10CFR Part 50, especially Section 50.34, which is set out in a separate document entitled "Nine Mile Point Unit 2 Final Safety Analysis Report", forwarded herewith and made a part hereof; (c) an Environmental Report entitled "Nine Mile Point Nuclear Station Unit 2 Environmental Report - Operating License Stage", as required by 10CFR Section 50.30(f) and 10CFR Part 51, forwarded herewith and made a part hereof.

General Information

A. General Information required by 10CFR Section 50.33:

1. Name of Applicants

The Applicants are Niagara Mohawk Power Corporation, for itself, as owner of an undivided 41 percent interest in the facility, and as agent for Rochester Gas & Electric Corporation, which will own an undivided 14 percent interest in the facility; Central Hudson Gas and Electric Corporation, which will own an undivided 9 percent in the facility; New York State Electric & Gas Corporation, which will own an undivided 18 percent interest in the facility; and for Long Island Lighting Company which will own an undivided 18 percent interest in the Company.

2. Address of Applicants

Niagara Mohawk Power Corporation
300 Erie Boulevard West
Syracuse, NY 13202

Rochester Gas & Electric Corporation
89 East Avenue
Rochester, NY 14604

Central Hudson Gas & Electric Corporation
284 South Avenue
Poughkeepsie, NY 12602

New York State Electric & Gas Corporation
4500 Vestal Parkway East
Binghamton, NY 13902

Long Island Lighting Company
250 Old County Road
Mineola, NY 11501

3. Description of Business and Organization of Niagara Mohawk Power Corporation, Rochester Gas & Electric Corporation, Central Hudson Gas & Electric Corporation, New York State Electric & Gas Corporation and Long Island Lighting Company.

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very important document, as it contains the President's annual message to Congress. The letter is written in a very formal and dignified style, and it is one of the most important documents in the history of the United States.

2. The second part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very important document, as it contains the President's annual message to Congress. The letter is written in a very formal and dignified style, and it is one of the most important documents in the history of the United States.

3. The third part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very important document, as it contains the President's annual message to Congress. The letter is written in a very formal and dignified style, and it is one of the most important documents in the history of the United States.

4. The fourth part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very important document, as it contains the President's annual message to Congress. The letter is written in a very formal and dignified style, and it is one of the most important documents in the history of the United States.

Niagara Mohawk Power Corporation

Niagara Mohawk Power Corporation is an investor owned public utility incorporated in the State of New York. The company is principally engaged in the business of generating, purchasing, transmitting and distributing electricity and gas within its franchised service areas in the central, eastern and western parts of the State of New York.

Rochester Gas & Electric Corporation

Rochester Gas & Electric Corporation (RG&E) is an investor owned public utility incorporated in the State of New York. The Company offers for sale a number of energy products to customers within its franchise territories. RG&E is principally engaged in the generation and distribution of electrical energy and steam and the distribution of natural gas.

Central Hudson Gas & Electric Corporation

Central Hudson Gas & Electric Corporation, incorporated in the State of New York, is an investor owned utility supplying electricity and natural gas to approximately 530,000 residents of the Mid-Hudson Valley. Its service area covers 2,600 square miles and includes portions of Albany, Columbia, Dutchess, Greene, Orange, Putnam, Sullivan and Ulster Counties.

New York State Electric & Gas Corporation

New York State Electric & Gas Corporation is incorporated in the State of New York and is organized and operated primarily as an electric and gas company. It is principally engaged in the business of generating, purchasing, transmitting and distributing electricity and gas within its franchised service areas in the central, eastern and western parts of the State of New York.

Long Island Lighting Company

Long Island Lighting Company (LILCO) supplies electricity and gas in Nassau and Suffolk Counties and the Fifth Ward of the Borough of Queens, New York City, all of which are on Long Island in the State of New York, except that electric energy is not supplied in the Incorporated Villages of Freeport and Rockville Centre in Nassau County and in the Incorporated Village of Greenport in Suffolk County. LILCO's service area consists of 1,230 square miles with an estimated population of 2,700,000 persons as of January 1, 1982. LILCO is a public utility corporation organized under the Transportation Corporation Law of the State of New York.

4. Directors and Principal Officers

Directors and principal officers are shown on Attachment 1.

5. Absence of Foreign Control

Niagara Mohawk, Rochester Gas & Electric Corporation, Central Hudson Gas & Electric Corporation, New York State Electric & Gas Corporation and Long Island Lighting Company are not owned, controlled or dominated by an alien, a foreign corporation or foreign government.

6. Applicant is Acting as Agent or Representative

Niagara Mohawk, acting on its own behalf and as agent for Rochester Gas & Electric Corporation, Central Hudson Gas & Electric Corporation, New York State Electric & Gas Corporation and Long Island Lighting Company, hereby applies for such permits and licenses as may be necessary or appropriate to the acquisition, use, possession and operation of Nine Mile Point Nuclear Station Unit 2 as described in this Application.

7. Class and Period of License Requested

Niagara Mohawk requests a Class 103 operating license for a period of forty (40) years from the date of its issuance for the Nine Mile Point Nuclear Station Unit 2.

Niagara Mohawk also requests such additional source, special nuclear and by-product material licenses as may be necessary and appropriate to the operation of the plant. Applicant has combined its application for these licenses in this single application pursuant to 10CFR 50.31.

8. Description of Facility and Use to Which Facility Will be Put

Niagara Mohawk proposes to operate a single cycle, forced circulation, boiling water nuclear reactor for the generation of commercial electric energy with an operational capacity of approximately 3323 megawatts thermal and an estimated net 1080 megawatts electrical. Details concerning the plant, the site and the attendant environmental considerations are contained in the FSAR and the EROL, which constitute part of this application.

9. Completion Dates

The earliest and latest completion dates for Nine Mile Point Nuclear Station Unit 2 are as follows:

<u>Earliest Completion</u> <u>Date</u>	<u>Latest Completion</u> <u>Date</u>
9/00/85	12/31/87

These dates may be revised in later construction permit amendments depending on actual construction progress.

10. Regulatory Agencies

Regulatory agencies which may have jurisdiction over the rates and services incident to the proposed generation, sale and distribution of electric energy of the owners are:

- a. The Federal Energy Regulatory Commission.
- b. The New York State Public Service Commission.

11. Trade and News Publications

The following is a list of trade and news publications which circulate in the area in which the operation of the Nine Mile Point Nuclear Station will be conducted and which are considered appropriate to give reasonable notice of this Application to those municipalities, private utilities, public bodies and cooperatives which might have a potential interest in the Nine Mile Point Nuclear Station:

12. Restricted Data (Sections 50.33(j) and 50.37)

This Application does not involve any Restricted Data or other classified information (defense information) and it is not expected that any will become involved. If it does, it will be appropriately segregated and safeguarded as required by law. Applicants agree that they will not permit any individual to have access to Restricted Data until the Office of Personnel Management shall have made an investigation and report to the Nuclear Regulatory Commission on the character, associations and loyalty of such individual and the Nuclear Regulatory Commission shall have determined that permitting such person to have access to Restricted Data will not endanger the common defense and security.

13. Combined Application

With regard to information by 10CFR30.32, 40.31 or 70.22 of Nuclear Regulatory Commission Regulations and Forms NRC-2 and NRC-313, Applicants hereby adopt and incorporate by reference the information contained in this Application for an operating license for Nine Mile Point Nuclear Station Unit 2.

14. Communications

All communications to Applicants pertaining to this Application shall be sent to:

Theodore L. Levinson	Star Supermarkets, Inc. 175 Humboldt Street Rochester, NY 14610
Dr. Paul A. Miller	30 Hillock Road Rush, NY 14543
Constance M. Mitchell	Industrial Management Council PRISM 12 Mortimer Street Rochester, NY 14604

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for ensuring that all parties involved are held accountable for their actions.

2. The second part of the document outlines the specific procedures for recording transactions. It details the steps that must be followed to ensure that all information is captured accurately and that the records are easily accessible and auditable.

3. The third part of the document addresses the issue of data security. It discusses the various risks associated with storing sensitive financial data and provides recommendations for implementing robust security measures to protect this information from unauthorized access and theft.

4. The fourth part of the document focuses on the importance of regular audits. It explains how audits can help identify errors, detect fraud, and ensure that the financial records are in compliance with applicable laws and regulations.

5. The fifth part of the document discusses the role of technology in modern financial record-keeping. It highlights the benefits of using digital systems for storing and processing financial data, such as increased efficiency, reduced risk of error, and improved data security.

6. The sixth part of the document provides a summary of the key points discussed throughout the document. It reiterates the importance of accurate record-keeping, proper procedures, data security, regular audits, and the use of technology in maintaining a reliable financial system.

ROCHESTER GAS & ELECTRIC CORPORATION (Continued)

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting department in ensuring the integrity of the financial statements. It also highlights the need for regular audits and the importance of transparency in financial reporting.

2. The second part of the document focuses on the role of the accounting department in managing the company's cash flow and ensuring that all payments are made on time. It also discusses the importance of maintaining accurate records of all income and expenses and the role of the accounting department in ensuring that the company's financial statements are accurate and reliable.

3. The third part of the document discusses the role of the accounting department in managing the company's tax obligations and ensuring that all taxes are paid on time. It also highlights the importance of maintaining accurate records of all income and expenses and the role of the accounting department in ensuring that the company's financial statements are accurate and reliable.

4. The fourth part of the document discusses the role of the accounting department in managing the company's debt and ensuring that all debt payments are made on time. It also highlights the importance of maintaining accurate records of all income and expenses and the role of the accounting department in ensuring that the company's financial statements are accurate and reliable.

5. The fifth part of the document discusses the role of the accounting department in managing the company's equity and ensuring that all equity payments are made on time. It also highlights the importance of maintaining accurate records of all income and expenses and the role of the accounting department in ensuring that the company's financial statements are accurate and reliable.
