Attached is the complete draft CoC for the GE-2000. The password is the same as we discussed previously. Review it to insure that it authorizes everything you requested. Please pay close attention to **ALL** of the conditions. Please let me know if you are satisfied with it by 2/16/18 at the latest.

The reviewers have not seen this yet, but if they require any changes to the CoC after you provide your feedback, I'll notify you.
