Cinthya,

Thank you for your response. We would decline a meeting at this time. We currently await a response to Powertech's January 19th letter which responded to NRC's proposal to identify historic, cultural, and religious sites at Dewey-Burdock. In the letter, Powertech requested that NRC respond by February 19th.

In the the interest of avoiding a couple more weeks added to NRC staff response or decision on the matter, we believe it is best not to hold a meeting at this time.

Sincerely,

John Mays

John M. Mayssite

Subject: RESPONSE: NRC's proposal to identify historic, cultural, and religious site at the Dewey-Burdock in situ-uranium recovery project

Hi John,

Thank you for clarifying the meeting intent over the phone. Upon further consideration, we believe

this meeting should be publicly noticed. Given that we need to notice the meeting at least 10 days in advance, the meeting would likely occur the week of February 26. Please let us know if you would like us to proceed with this meeting so we can make the necessary arrangements.

Thanks,

Cinthya,

Yes that time would work for us. Please let us know how you would like to make arrangements for conference call. We can provide a number for this if you would like.

Sincerely,

John

Ms. Roman,

We would like to request a meeting to discuss the response Powertech has provided to your proposal below. As we understand that Andrea Kock, has moved on to other parts of the agency, we would like to request that you include John Tappert as part of the meeting. As well, we would also like to include your staff working on the project already included I believe on this email. Would it be possible to arrange this for sometime the first part of this week.

Sincerely,

John Mays

Subject: NRC's proposal to identify historic, cultural, and religious site at the Dewey-Burdock in situ-uranium recovery project

Mr. John Mays,

Attached you will find an electronic copy of the NRC's proposal to identify historic, cultural, and religious site at the Dewey-Burdock in situ-uranium recovery project. A hardcopy will be provided by mail as well.

Please let me know if you have any questions. Thanks,
