Subject: [External_Sender] Shirley Basin Sampling

Nick,

Our sampler at Shirley Basin lost track of time and collected the 2nd Quarter monitor well samples about three weeks early (wells are required to be sampled quarterly). With your permission, we will use the early samples as the 2nd Quarter samples. We will collect the 3rd Quarter samples early in the 3rd Quarter to minimize the time between samples.

If any of the early samples come back with unusual results, we will sample that particular well(s) in the 2nd Qtr.

Regards,

John W. Cash
